# Real Wool from

Unless you are an expert, you can hardly tell the difference between suit made of wool and one made of cotton shoddy. Weaving of cloth is so cleverly done these days, that it is hard to detect the difference.

Therefore we selected Stein-Bloch and Clothcraft Clothes because they are guaranteed to be all-wool. In fact they are the only guaranteed lines between \$12 and \$32.

. You do not have to wait for wear to decide whether Your Suit will give long and satisfactory service. You are assured beforehand that it will not shrink and quickly lose its shape if worn in the rain. Back of that assurance is the guarantee of the maker,

So great is our confidence in these Clothes, that we stand back of the manufacturers, ready to make good. You cannot go wrong.,
