VACCINATION LAW Olean Residents Issue Chal-

Five Cents the Count

lenge to State Officials to Come There and Vaccinate Their School Children. Olean, N. Y., is to be the scene

of a very interesting scrap between the Health and Educational Department of the State of New York and the Anti-Vaccination League of that

The trouble all come about by the lnew law that, while it compels attendance at school of all children between the ages of eight and sixteen years, forbids the local Board f Education admitting any scholar who has not been vaccinated. Thereis in Olean a large membership the Anti-Vaccination League, con prising nearly one-half of the city, it is reported . The members of this League say that they will not allow their children to be vaccinated, and the School Board of Education say they must be or their children cannot go to school, and the parents of children under school age are to be I held on criminal charge if their chil-dren are not in attendance at some

Anti-Vaccination League are responsible for the follow-

"The doctors and the parasites of the State are not to have everything Their own way. There is no doubt in generally that a compulsory vaccination law is unconstitutional, and the Anti-Vaccination League of Olean, New York, under the leadership Mr. Geo. A. Rovertson, its efficient secretary, intend to settle this encroachment upon the rights of the -Rollin O. Everhart in The Ame people permanently. So they have issued the following defi to the State

"Mr. Finnegan,

State of New York: "We observe the statements in the newspapers to the effect that you are to vaccinate all the school children in the State of New York before New York to vaccinate these children poisoning the children of this State against their will and the wishes of their parents and guardians, we respectfully invite you to come to Olean. John and start your operations there be-Backward, Wilcox; three daughters, Mrs. Mary fore imposing your medical dogma Shaw, North M. Proper of Avon.
