United States help to fill Uncle Sam's money bags.

Look how the money is spent. Of every \$100 he spends \$70 on maintaining the Army and Navy, i paying old war debts or military pensions. The expenses of paying past wars, and of preparing for war, cost each individual living in United States \$5.50 a year. The yearly cost of maintaining the U.S. Army and Navy each year is greater than the endowments of all the universities of the world. DO YOU KNOW?
