Special Display and Sale of Fine Furs NOVEMBER 7 to 14

\$4,000 Stock of Furs-Remarkable Values, High Grade [7] Jualities

A Few Reasons Why a Sale Here Merits Your Particular and Prompt Attention

The display is the largest and most complete collection of fine Furs we have ever shown. Ever since last spring we have been preparing for this Fur Sale.

We appreciate the confidence the public has placed in us for honest and fair dealing—a confidence which has been gained because of our knowing all Furs by their correct names, for our knowledge of the care and treatment of Furs and for being able to judge Furs as to their wearing qualities. We consider it very complimentary to us that our Fur business has increased so rapidly each year,

for it proves that more and more the people of Hornell and vicinity are depending upon us for reliable Furs.

We are justly proud of the fact that Fur business here has become more than a mere winter side ' line. The time taken to carefully search and select each season's Furs—the handling of Furs for storage, and the alterations on fine Furs has all resulted in Fur business becoming a twelve months in the year proposition. This means that this valuable accumulated Fur experience is here to benefit every future customer.
