cult to do for their people what they i have hitherto been always easily able to do. Many essential and fundament al things. At any trate they will need L our help and our manifold services as they have never needed them before and we should be ready, more fit and ready than we have ever been." The above expresses the true condi-

tion in Europe, and yet there are Plenty of jingoes who profess to fear with its immediaate neighbors, that is impovished by a devastating war, that is straining every nerve and muscle to defend its borders, will abandon its own territory and come over here to fight us.

We need a big army less now than ever. Europe is too exhausted to seek further war and each of the great powers has too many enemies The President's position

In fact we are making a grand conquest of the war zone. America is combarding it with flour and other 2 stuffs to save the starving wo 2 20 difference as to the country, but Anywhere and everywhere where hun-Zer and want are found.

That is the way to repel any feared military invasion and that is the way strong nation can teach a lesson to [the whole world.

"SOMETHING DIFFERENT"

Our proofs reveal the fact that ene of Andover's pastors announces a theme for Sunday morning what "the third best known text in the New Testament," but that he is to handle it in a differ ent way. In his advertisement we find the text to be "Let Your Light = It is well that the pastor is, to

wive his people something "differ ! ent," as the esual way in which this text is applied has a tendency to ! Dut one of those sarcastic smiles in the off corner of the mouth, of the person who indulges in a little hard thinking for himself

give their advise to him, and tell him how he should conduct himself. He has a few criticisms to make in to peply sometimes, and they usually have to do with the pretentions of some of the 'light shiners." Every ene's light is shining, some possibly & more brightly than others, but if you believe that you have no influence i in a community, just find out what your neighbors think of you and you of

will soon change your mind. Our S lives are better known by our neighbors than by ourselves. We are all . correctly classified by the "Man on to

Is it not a fact that if you did not know that certain people attended enurch you would never guess that teir "light" was any different than ther peoples?
