Preparations for Easter

It is a tradition older than the change of fashions that everything worn on Easter shall be new, and most traditions are founded on some valuable principle of human actions.

Easter comes just when Winter is over, and the human race accepted it as the time when Winter clothing shall be put aside and the apparel of the new season be put on.

We are exceptionally well prepared to outfit our customers perfectly, since we have for them not only an elaborate collection of Millinery and scores of the smartest new Suits, Coats, and Dresses for women, but all the Accessories which the well-dressed person desires.

Come promptly now so as not to have any important items of apparel unprovided when Easter Sunday arrives.

Shipments Received Daily

We have never yet seen a season, when there has not been style changes more or less important made in the first month from the season's opening.

That is why we have such a variety of the **LATEST MODELS** for every detail of which we can vouch.

That is why our Garments are exclusive and distinctive—the latest creations of noted designers—the real sources of fashion information.

MOUNT VERNON, THE HOME OF WASHINGTON

By J. E. Jones

A pretty little story of visits to Mount Vernon on the Potomac "Impressions and sentiments like yours and mine," explain the author to those who have seen our country's greatest shrine.

Bound in colonial blue and buff with fland illumined cover design and George Washington's colonial ribbon book mark; profusely illustrated with handsome halftones and pen drawings, it is a dainty and invaluable reminder that will instantly appeal to ever person who has been to Mount Vernon, while to those who have not had that good fortune this clever, happy story of our beloved George and Martha gives a clearer view and understanding of their colonial home, which is to-day the pride of Virginia and the Nation.

As a souvenir or gift book, for young or old, there is nothing to approach the elegance of this little volume, and it will make one feel more like a patriotic American to possess it.
