

SHAUL & ROOSA CO.

Youth, vim, vigor and energy are the qualities that should not be hidden. If you own them, show them by wearing good clothes—Stein-Bloch Smart and Clothcraft Guaranteed Clothes are the good kind and are not expensive.

Several odd lots of these good clothes have been dug up during our Christmas rush. The prices have been legitimately reduced—not one of those marked up and marked down prices—but a reduction that will be easily seen and appreciated by wearers of good clothes.

Are Your Cows a BURDEN?

Many cows are a constant drag on their owners when they could just as well be good producers—if properly handled.

Don't forget that your cows can get physically "off color" just as you sometimes do. Watch the milk yield; if it is going down without apparent reason, something is wrong with the cow. Confining is likely to make the condition worse; she needs a medicine that will clear up and strengthen her organs of production.

Kow-Kure is making thousands of new friends among the best dairymen every year, because it supplies the great need. It is a cow medicine, pure and simple—not a food. It has great curative and tonic powers that immediately act upon the digestive and assimilative organs and enable the cow to thrive on her natural food. Kow-Kure has been the cause of many years of success in making backward cows profitable and in the prevention and cure of Aceton, Ectenosis, Retained Afterbirth, Milk Fever, Scouring, Lost Appetite, Bunches and other common ills.

You can buy Kow-Kure from the best feed dealers and druggists. Sold in 50¢ and \$1.00 packages.

If You Will Tell the Public But Half of the Really Interesting Things About Your Store For One Year, Your Sales Will be Doubled!

This assumes a few facts—that you conduct a really good store, in every way WORTHY of public support; and that whoever writes your ads knows how to make them interesting to people, and that you see that these interesting ads really REACH THE PEOPLE through your use of adequate newspaper space ALL OF THE TIME.

If you can measure up to these assumed facts and requirements, then it is quite possible for you, within a year, to double the volume of your sales and the number of your customers.

Isn't it an undertaking that appeals to every potentially BIG merchant—for instance, to YOU?

MISERABLE FROM STOMACH TROUBLE

Felt Wretched Until He Started To Take "Fruit-a-tives"

594 CHAMPLAIN ST., MONTREAL.

"For two years, I was a miserable sufferer from Rheumatism and Stomach Trouble. I had frequent Dizzy Spells, and when I took food, felt wretched and sleepy. I suffered from Rheumatism dreadfully, with pains in my back and joints, and my hands swollen. A friend advised "Fruit-a-tives" and from the outset, they did me good. After the first box, I felt I was getting well and I can truthfully say that "Fruit-a-tives" is the only medicine that helped me". LOUIS LABRIE.

BRIGHT OUTLOOK FOR SUFFRAGE

Political Leaders of All Parties Now on Record in Favor of Bill.

The woman suffrage bill, endorsed by all the National political parties and backed by both the Democratic and Republican State organizations, is expected to receive an early consideration in the New York State Legislature. The passage of this bill, together with the favorable action by the 1916 Legislature, will make it possible for the citizens of New York State to vote in favor of woman suffrage on election day, 1917.

Because of the strong support given woman suffrage by all the parties little or no opposition is expected by suffrage workers in the Legislative Session of 1917. The attitude of both the Democratic and Republican State organizations is made plain by the planks in the respective State platforms. Referring to the resolution presented by the New York State Woman Suffrage Party, the Democratic plat-

form reads: "We have repeatedly recommended that the opportunity be afforded the people of this State to vote upon the question of woman suffrage, and we again recommend that the question of suffrage to women be submitted in 1917."

Even stronger is the endorsement given by the National parties, all of which for the first time in the history of the United States have come on record in favor of extending suffrage to women. The Republican party, in its platform, "As a measure of justice to one-half the adult people of this country, the extension of the franchise to women by States should be given, according to the National Democratic suffrage plank "upon the same terms as suffrage for men and women" is the plank adopted by the Socialist party. According to the Prohibition suffrage plank, "The right of citizens of the United States to vote should not be denied or abridged by the United States or by any State on account of sex."

In the words of the Progressive Party, "The women of the country, who share with men the burdens of government in time of peace and make equal sacrifice in time of war, should be given the full political right of suffrage."

The Hidden Light.

Remember if a cloud is over you, that there is a bright light always on the other side; also that the time is coming, either in this world or the next, when that cloud will be swept away and the fullness of God's light and wisdom poured around you. Everything which has befallen you, whatever sorrow your heart bleeds with, nothing is wanting but to see the light that actually exists waiting to be revealed, and you will be satisfied.—Bushnell.

When Death Comes to Venice.

When any one dies in Venice there is posted up on his house and upon the neighboring houses, by way of information, a printed placard, giving the name, the age, the birthplace, the cause of death and a certificate that the dead received the sacraments, that he died like a good Christian, and asking the faithful to pray for him.—Theophile Gautier, "Travels in Italy."

Print a want ad that will be real "news" to the man who "ought" to buy your real estate.

New York First State to Demand Equal Suffrage

The Woman Suffrage Association has been making the Legislature, and at this time, is interesting to note that New York State was the first State in the Union that made a demand for equal suffrage.

The first Woman's Rights Convention was held at Seneca Falls, July 19-20, 1848, for the purpose of discussing the rights of women, and the women of New York State have worked steadily from that time for the cause of suffrage. It was through their efforts that the first society was formed for this purpose and the first legislative attempt made to secure civil and political rights. In the meantime twelve other States have obtained suffrage: Colorado, Idaho, Utah, Washington, California, Arizona, Kansas, Oregon, Illinois, Wyoming, Montana and Nevada.

TIMELY BOOKS

Government Telephones
By JAMES MAVOR, Ph. D.
Prof. of Political Economy in the University of Toronto, Author of "An Economic History of Russia," etc.

Prof. Mavor's book is a compelling and fearless narrative of the true record of an American Government in the management of a great commercial business. It tells what happened to the rates and what happened to the finances, what happened to the consumers—and what happened to the taxpayer. The "proof of the pudding" is in this vivid fact story, and it is of especial importance to American citizenship in these times of Government ownership is so much agitated.
