Hamlet in Japan.

Some strange liberties are taken with Shakespeare on the Japanese stage. The Kobe Herald describes a performance in that town of "Hamlet" with the scene laid in modern Japan. "The prince," says the Herald, "appears first in a silk hat and a swallowtail coat, then on a bicycle, clad in a bright blue cycling suit and striped stockings, and then in evening dress again, with a flower in his buttonhole." Ophelia, for the purpose of the play, was transformed into a fellow student of Hamlet at the Imperial University of Tokyo.

WORN NERVES

Nervous troubles, with back-ache, dizzy spells, queer pains and irregular kidneys, give reason to suspect kidney weakness and to try the remedy that has helped your neighbors.

Mrs. M. E. Sherwood, Maple St., Andover, says: "I think hard work is what weakened my kidneys. I had a lame back and when I was stooping or sweeping, it pained very badly. I had that tired, languid feeling and was very nervous. There were severe pains in the back of my head, also. I heard about Doan's Kidney Pills and got some. Two boxes gave me wonderful relief and put me on my feet again."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Sherwood had. Foster-Milburn Co., Props., Buffalo, N. Y.

Good Shoes and Good Dress

Good shoes are a necessary part of good dress—in fact, milady's shoes are receiving more attention every season.

To show each gown off to the best possible advantage, match it up with a pair of J & K boots, the boot with the style that is perfectly entrancing. The J & K is the "different" shoe—the shoe that fits built on principle and fits the arch. Accept no substitute—insist on the J & K.

Benjamin Franklin's Birthday - Jan. 17 - Occasions
THRIFT WEEK

Benjamin Franklin's little book "The Way to Wealth" has had 75 editions of it printed in English, 56 in French, 11 in German, and 9 in Italian. It has also been translated into Spanish, Danish, Swedish, Welsh, Polish, Gaelic, Russian, Bohemian, Dutch, Catalan, Chinese, Modern Greek and Phonetic Writing.—It has been printed at least four hundred times and is today as popular as ever.

Its great popularity is due to the fact that this book was in effect the skimming of the cream from the wisdom of many ages and nations. The maxims it contains have doubtless laid the foundations of many fortunes and is of special interest to us now in these days of higher costs.

This week we have devoted to the pointing out of the many lines of merchandise in this store owned at old prices and on which there has been the greatest advance in price. Dollars and dollars can be saved by buying for future needs before we are forced to go into the market and pay the enormous advances.

Plush Coats

A special purchase has put us in possession of a large number of beautiful Plush Coats, with luxurious fur collars. These coats were made to sell at from \$30 to \$45.

Planing to make Thrift Week a week of unusually large saving opportunities at Babcock & Davidson's we have placed these fashionable, warm, luxurious Coats on sale at astonishingly low prices

\$18 to \$25

SAYINGS OF POOR RICHARD

"A penny saved is two pence clear,
A pin a day's a groat a year."

"Many a little makes a mickle."

"It was lucky for me that I had a wife as much disposed to frugality as myself, for 'He that would thrive must ask his wife.'"

"Never leave that until tomorrow what you can do today, for one today is worth two tomorrow's."

Table Linen

Perhaps there is no other line of merchandise on which the wholesale price has so advanced as on Table Linen. We were particularly fortunate, however, in being able to buy so heavily when prices were low and we still have a great many qualities in Table Linen our price on which is below the present wholesale price. Our stock, however, is limited and the opportunity for these large savings cannot continue indefinitely.

We call your special attention to the following items on which particularly large savings are possible if you buy at once.

Irish Mercerized Damask—so skillfully woven as to have the appearance of a heavy all-line Damask—splendid for wear and the patterns are of unusual beauty.
