GREENWOOD LOCAL BRIEFS

The literary test proposed by Congress for persons seeking naturalization should be defeated. Because a man has been deprived of the advantages of an education is no reason why he could not become a citizen of this country.

A literary test is not an intelligence test and intelligence and morality alone should be the requirements. It is a disgrace to our government that has been built largely by uneducated men to now deny the right to others. Most of the illiterate men that come to our shores have the education that has been denied to them, extended to their children.

Vermont is a small state but she gave the great Dewey to the nation.

The Harry Thaw case is again in the lime light. A Philadelphia man expressed the proper sentiment when he said the case has been sickening and Pennsylvania wanted no more of it.

She left two sons, Earl of this place, and Ferris Foster of Canisteo, to mourn her loss. Mrs. Foster was well known and highly respected throughout this community and her loss will be mourned by all.

Clayton Scribner and family met with an experience Friday night that nearly proved fatal to them all. The pipe to the gas stove became clogged at the chimney and the gas fumes poured into their room while all were sleeping. Their small son partially awakening, aroused Mr. Scribner and he threw open the windows but nearly collapsed in so doing. The family were placed under the doctor's care and were able to be out again Saturday.

The White House guard of suffragists are making themselves worse than ridiculous. Beside the show they are making of themselves they are injuring the cause they profess to serve. It is to be regretted that a good cause should be slaughtered in the house of its friends, for observers of their actions who are wavering in their faith might conclude from such actions that women, at least those women, are incompetent and not entitled to suffrage.

SEVEN YEARS TORTURE

Nothing Helped Him Until He Took "FRUIT-A-TIVES"

ALBERT VARNER

Buckingham, Que., May 2nd, 1915.
For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, bitter stuff would come up into my mouth after eating, while at times I had nausea and vomiting, and had chronic Constipation. I went to several doctors and wrote to a specialist in Boston but without benefit. I tried many remedies but nothing did me good. Finally, a friend advised "Fruit-a-tives". I took this grand fruit medicine and it made me well. I am grateful to "Fruit-a-tives", and to everyone who has miserable health with Constipation and Indigestion and Bad Stomach, I say take "Fruit-a-tives", and you will get well.
ALBERT VARNER.
