

Feb. 7.—Some blizzard that with a sufficiency of gas we have survived.

John Dean was a Wellsville visitor Friday and took in the auto show.

Mrs. Henry Eggert entertained the Lucy Stone Club of Andover Wednesday.

Miss May Dean came home from Wellsville Sunday.

Ed. McAndrew and Lynch Bros. were among the visitors at Wellsville's automobile show Friday.

On account of the recent blizzard our mail carrier, Mr. Baker, was not able to cover his entire route from Friday until Tuesday.

Miss Nora McAndrew and Mr. and Mrs. Ed. McAndrew were callers in Fulmer Valley one day last week.

The severe weather of the past week has caused a lull in business and pleasure on our hill which would take a Billy Sunday campaign to break. "Billy's" sermons must be everything but Christ-like, but "taste differ" in religion as in everything else, and sensationalism is what draws the masses.

Henry Horan attended the funeral of the late Mrs. Phillips, in Andover, Saturday.

JUST GOT OVER A COLD?

Look out for kidney troubles and backache. Colds overtax the kidneys and often leave them weak. For weak kidneys—well, read what an Andover woman says:

"Mrs. P. J. Doherty, W. Center St., Andover, says: 'A cold, which settled in my kidneys brought on an attack of kidney complaint. A heavy, dull pain in my kidneys and across my loins made me feel in constant misery, and every step I took seemed to jar my whole system. I was tired and dragged out, too, and it seemed as though I would never get around. I had a dull pain in the back of my head. One of the family told me about Doan's Kidney Pills and I procured a supply. Two boxes gave me wonderful relief and did me lots of good.'"

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Doherty had. Foster-Milburn Co., Props., Buffalo, N. Y.

Boycott Not Effective. "Ballots for Both" is a better way to meet the problem of the high cost of living and of food distribution than the boycott, according to Mrs. Jeanette Sterling Greve, a Suffragist leader of Albany, who recently spoke at the State Agricultural Convention, held at the Albany Capitol.

Said Mrs. Greve: "The enormous prices paid for food do not insure a proper market, nor do they lighten the producing woman's tasks. The result of such means as boycotts will be temporary. They will not touch the evil at its source. They will not insure the producer a decent price for his work. Remedies for the high cost of living must be legislative. For these, women need the vote. The ballot is by far a better tool than the boycott."

The training class for the church of to-morrow. A Christian is a Person

who has a kingdom in his heart, bounded by eternal principles and unreaching compassions and God. For this world the test of being a friend of God is a very definite program of service—and time courtesy. The service may be not the trumpet-kind, but the courtesy will be evident. If one would feel God's presence try an experiment in friendship.

Tell us about our faults and our virtues. You are a member of this store family, and we want you to feel as free to speak your opinions as though we were all seated at the family table.

You can help us improve and make progress, if you will put yourself on the family basis with your store.

Inside Facts About Whittall Rugs

THE ANGLO-PERSIAN. This is the most perfect domestic rug made. It is a three-shot weave of the finest yarns, woven as closely as the most costly Orientals and with the same lustrous and silky sheen. It feels like velvet and reproduces the beauty of Oriental designs and colorings in all its splendor.

THE ANGLO-INDIAN. This rug is not quite so closely woven as the Anglo-Persian and the pile is not so high nor is the price. It is a three-shot, worsted rug with a refinement of color and beauty of design that rivals well the choicest Orientals.

THE ROYAL WORCESTER. This is a three-shot worsted rug, woven from selected yarns into a fabric that is intensely practical and thoroughly beautiful. It occupies a high place in the carpet industry as an inexpensive fabric of sterling qualities.

THE TEPTRAC. This is an all wool Wilton that is produced to meet the demand for a rug of moderate price that is all wool and properly woven in fast colors. Rugs which compete with this rug in price are as a rule made partly of cotton.

THE CHILDRENS BRUSSELS. This is the finest quality of fabric made in this weave. It is closely woven in a wide variety of beautiful patterns and soft colorings that give it much of the beautiful appearance of the Wilton and yet all the practical utility of the Brussels. It is readily cleaned and gives wonderful service.
