our regrets upon losing the worthy couple as neighbors and residents of our hill. Ed has secured a good business opportunity and what we lose Andover gains.

While driving over the hill road to Andover Tuesday John Casey Jr., and his mother were crowded into the deep ditch by a motor truck, overturning the carriage and throwing both occupants out. Mrs. Casey escaped in jury, but John was somewhat bruised and cut about the face. It was indeed a very lucky accident.

Are Your Cows a BURDEN?

Many cows are a constant drag on their owners when they could just as well be good producers—if properly handled.

Don't forget that your cows can get physically "off color" just as you sometimes do. Watch the milk yield; if it is going down without apparent reason, something is wrong with the cow. Overfeeding is likely to make the condition worse; she needs a medicine that will clear up and strengthen her organs of production.

Kow-Kure is making thousands of new friends among the best dairymen every year, because it supplies this great need. It is a cow medicine, pure and simple—not a food. It has great curative and tonic powers that immediately act upon the digestive and genital organs and enable the cow to thrive on her natural food. Kow-Kure has back of it twenty years of success in making backward cows profitable and in the prevention and cure of Abortion, Barrenness, Retained Afterbirth, Milk Fever, Scouring, Lost Appetite, Bunches and other common ills.

You can buy Kow-Kure from the best feed dealers and druggists. Sold in 50c. and \$1.00 packages.
