Sign Boards on the Up-road

By Hamilton B. Williams

Certain cities have been made into words of characterization. A condition of vice and immorality and Sodom and Babylon convey the impression to the hearer. In Athens we think of learning; Rome of power; Jerusalem of glory and tragedy.

And Nazareth suggests the Man of our Town.

The little town of Jericho Jesus read into this story of the true human life. And unto world's and neighboring will be the program approved of God.

If Jesus should come to our town unannounced, walk the streets without proclaiming His identity, and act here as He did on the Jericho road, every one seeing Him would know that there had passed through a Man most desirable to have as a citizen.

And ever afterward He would be fashioned in memory every time some one performed a kindly courtesy, stopped to take an interest in folks' troubles and sorrows, stopped to praise one's work or walk with one in a friendly manner.

The people who were most kind to us would have the look of the Stranger who passed through the town.

It is being recognized that in Jesus we see the finest gentlemen that ever lent a hand, the most generous giver who ever contributed God's gifts, the greatest interpreter of the God-Who-Must-Be the flaming light that ever blazed a straight trail, the brother of our most beautiful dream of a friend—and more, an empire-builder; and more, a way-maker to eternal life; and more the very Life of Life!

No superlative term of honor does enough honor to Jesus. Anything we may define and label is not great enough to be supreme. Those who know all about Jesus and so categorically locate Him in the universe are doing a daring thing. If He is the Son of God He is many diameters bigger than any definition. Let us worship Him.

The church, has never made enough of the power of Jesus or interpreted in community terms His social teaching. The primitive conception of the gospel made Jesus the Savior of the lucky individual who happened to be brought into touch with some magical spell or miraculous combination of circumstances. Salvation was occasional, catastrophic and unattainable. Jesus came to make God king by the amalgamation of the human family into a reciprocal brotherhood under the impulse of the welfare ideal.

Immortality is rather certified into words of characterization. A consummation of the plan of God who would not fail to open gates for those He loves. The human race has come up through long processes of evolution, and the process looks toward the high lands.

The ethical impulse once like a commercial transaction—hope of heaven—has been discovered, as we have come to understand Jesus, to be based upon a necessary recognition of the friendship obligation that accompanies developing minds. The capacity of friendship certifies an unbreakable relation with God. Jesus exhorted the friend to be perfect, merciful because His Father in Heaven was so. Jesus' religion analyzes into friendship, absolutely.

That is a road which may not miss the shining gate. If we desire to convince people that we believe in God, in Jesus, in Man, in Life, in Ourselves, say:

To Every One—
Everywhere—
"My Friend, what can I do for you?"

Someday we shall leave this phase of existence and continue our quest of life.

What sort of fields await we feel we do not know, but it will be, certainly, a condition adapted to true men and women with lighted torches.

For He whose spirit walks all streets of life calls those His brethren whose torches are alight. And when we go out through the gates and see Our Friend, will be glad of the stopping and bending and lifting and sharing and grinding and befriending and patter-abiding and the blowing of the flutes of cheer. For having done the simple courtesies along the way, we'll hear the Master say:

"My friends I well remember you. I was the burdened from whom you lifted the load. I was the wounded you balmied. I was the lost you found and set on the road. I was the folk in despair, the hopeless, the scorned, the jeered at, you calmed. I was the children for whom you made the ways happy and straight. I was the sinner, the breast-beating sinner, for whom you opened Hope's gate. I heard your kindly words. I thrilled to the song your compassion stirred. There was never a moment by night or by day you walked alone. For I, the Friend of your friends and friend to all folk who needed a friend—
Walked with you all the way."

This celebration of this historical event offers the opportunity of showing the preeminence of the Man supremely the Friend of Man.

Dr. Shaw's Address Very Impressive

The ordination of the new elect elders on March 23rd was as foretold, a great meeting. Every one present felt the power of a fine speaker, and saw in the simple ordination service the induction of stalwart-spirited men into a ministry of service. The King's Daughters served an exceptionally good supper. There was a fine fellowship apparent among the people.

The Sunday Evening Meeting

Increased attendance at the meeting approves the "current events" discussion. The big event of the week is treated in its relation to the progress of the Kingdom on earth.

The Men of the Church

Practically all of the men of the church are in a social Fellowship and Study Class. On Friday evening, April 6th, 7:30, there will be a Men's Meeting and Luncheon at which a program of music and tea will be given. Keep the door open—April 6th.
