Events of Interest From the East

Special Correspondent, J. E.
Jones.

"If There Should Be War"
Washington, D. C., March 17.—
Speaker Champ Clark has com-
mented that "if there should be
war it might be a good thing to
have Congress on hand." Champ
Clark occupies a peculiar position
in the affairs of the nation. Af-
ter the adjournment of the last
session of Congress a great many
members were wondering whether
or not it would be necessary for
them to return to Washington for
an extra session. Champ Clark
told the White House that "Con-
gress is up in the air and I would
like to know right away whether
there is going to be an extra ses-
sion or not." Notwithstanding the
fact that the President was con-
fined to his room from the effects
of an "inauguration cold" a
special session was immediately
called for April 16.
In Washington there is almost
a blind confidence in the ability
of President Wilson to deal with
the foreign situation. Neverthe-
less, there is a feeling of satisfac-
tion that Congress is to convene,
since "if there should be war"
Congress would at least serve as
a check upon the individual power
as vested in the President.

Press Sensorship
A measure providing for press
censorship in the United States
failed to pass in the late Con-
gress. When the President is-
sued his order for armed neutral-
ity, Secretary of the Navy Daniels,
who himself is a newspaper
editor by profession, met a group
of the Washington correspondent
and through them made a gen-
eral request to the newspapers of
the country to refrain from pub-
lication of any news concerning
the time of departure of American
ships. The probabilities are that
this request will be rigidly com-
plied with, although it is entirely
within the rights of any publica-
tion to give the information with
reference to ships to its readers.
Most of the newspapers of the
country are represented in Wash-
ington, and among these is the
News. The existing code between
officials of the Government and
correspondents has been so closely
observed in past years, that it
is the universal practice of the
Government to release important
matters of news many days in
advance. No correspondent vio-
lates this "release date," and if
he did, he would likely be reprim-
anded or dismissed by his editor.
In view of the distressing con-
ditions of the country at the pres-
ent time, the newspapers will un-
doubtedly carry their own censor-
ships; and there seems no proba-
bility that requests such as that
made by Secretary Daniels, will
be violated.

Fixing up the Rules
The wisdom of unlimited debate
in the Senate has been put to the
test in the closing hours of many
a Congress. It usually happens
that some big matter of legisla-
tion that has been the "bone of
contention" remains in an un-
completed stage in the last hours
of the Senate, where, owing to
the rule that has permitted un-
limited debate, it may be "talked
to death." The Senate has re-
vised this rule within the past
few days, to such an extent that
the cloture may now be applied
in a manner that will prevent any
actual filibustering. The privilege
of debate has not been materially
abridged, as the Senate provided
in its new rule that each member
may speak for at least an hour
before the closing of debate. This
identical course would have been
impossible in the last Senate had
it not been for the fact that the
majority consumed all of the
time up to within a short time

PRESBYTERIAN CHURCH
Hamilton B. Williams, Minister.
Easter Morning, April 8.
Communion.
This day will be made memora-
ble by the first service of the
communion table of the newly
ordained elders of the church. A
brief sermon will precede recep-
tion of members, administration
of Baptism and the celebration of
the memorial feast. The children
of the primary class of the Sun-
day School will sing at the morn-
ing worship.
The Men's Class
The Men's Class are studying

Seminary, in his book, "The Reli-

THE FIRST BAPTIST CHURCH

mon subject: "A Glimpse Into
His Last Week."
Bible School, 11:45.
Evening service, 7:30. In the
evening an Easter program will
be given.
Sunrise Prayer Meeting in the

before the closing hours of the
session, in discussing the Presi-
dent's request for "armed neu-
trality." Having finished their
own arguments, they demanded
that the opponents of the meas-
ure should forego the privilege of
speaking upon the all-important
question before the country. The
new rule is doubtless a good one,
and would have been passed long
ago except for the fact that the
Senate has been so careful about
disturbing its cherished "Sen-
atorial dignity."

Military Appropriations
The Army and Navy appro-
priation bills, and the special
measures before the late Con-
gress, intended to build up and
maintain the army and navy
establishments of the United
States, amounted to practically
\$1,000,000,000. Some of these were
not enacted into law before the ad-
journment of Congress, but they
will be taken up and passed dur-
ing the early part of the special
session.

The B. B. B's met with Mrs.
Foster Tuesday afternoon.
We are having fine attendances
at all the services of the church,
and a cordial invitation is extend-
ed to the public in general to at-
tend.

Arrangements are being made
to transform the basement of the
church into a gymnasium, another
room of the church for a reading
and recreation room for the men.
With the April meeting of the
Woman's Missionary Circle, the
work of a new year begins. This
meeting will be held Tuesday af-
ternoon, April 10th, at 3 p. m.,
at the home of Mrs. Proper. Mrs.
Stearns is chairman of the pro-
gram committee, and the subject
of study, "Our Work Among the
Indians of Our Own Country."
The record set by the Circle dur-
ing the past year should be
merely a spur for still more work
this year and the support of
every woman of the church is
needed.

body welcome.

Next Tuesday evening the
young people of the church will
meet at the home of Reba Bur-
rows for a League business meet-
ing and to discuss ways and means
to promote the interests of the
organization.
The Inasmuch Society meets
to-night with Mrs. Ed. Teasdale.
Palm Sunday will be long re-
membered by the people who
witnessed the large number re-
ceived into the membership of
the church at the morning service.
It was surely an inspiring sight
to see this new life coming into
the old church and receiving the
sacrament of the Lord's supper
while the power of the spirit
seemed to descend upon all. Oth-
ers are to be received later.

**To Build Up
After Grippe, Colds
Bad Blood**

Take a blood purifier and afterward
vigorous action, called Dr. Pierce's
Golden Medical Discovery because of
one of its principal ingredients—the
Golden Seal plant. It assists the body
to manufacture rich red blood which
feeds the heart—nerves—brain and
organs of the body. The organs work
smoothly like machinery running in
oil. You feel clean, strong and strug-
gling instead of tired, weak and faint.
Start to take it to-day and before
another day has passed, the impurities
of the blood will begin to leave your
body through the eliminative organs,
and in a few days you will know
that the bad blood is passing out, and
new, rich, pure blood is filling your
veins and arteries.

Women of Empire State
East Aurora, N. Y.—"I found my-
self run down and required some re-
liable medicine to build me up. My
blood was badly out of order. I began
taking Dr. Pierce's Golden Medical Dis-
covery and it helped me at once. I
persisted in this treatment and im-
proved all the time. Well that I dropped it. I have always
thought very highly of Dr. Pierce's
remedies and shall be glad to speak
words of praise concerning them."
