**SUFFRAGE DEPARTMENT**  
**AFTER YOU, MARS**

"I regret that the exigencies of the war situation have prevented this resolution from being number one," was the comment of Senator Jones of New Mexico in introducing the federal suffrage amendment in the Senate. Senator Jones is the new chairman of the Senate Woman Suffrage Committee. He believes in the passage of the federal amendment and its adoption by the states. Hearing on the amendment was scheduled to be held by the Senate April 20th.

**Woman Suffrage Committee of the House**

The creation of a woman suffrage committee in the House corresponding to the committee already existing in the Senate, is hoped for by suffragists as the result of a request received by Speaker Clark from the National American Woman Suffrage Association. The speaker expressed his hearty approval of the proposal and promised that he would see that it is duly brought before the House for consideration. The announcement of the speaker's support on this question has been received with gratification at suffrage headquarters, where it is regarded as a long step toward expeditious handling of the national woman suffrage amendment. Owing to the pressure of other important questions before the Judiciary Committee, to which constitutional amendments are referred, the suffrage amendment, in the opinion of its friends, has hitherto had hard sledding. In the hands of a special committee for the consideration of this particular question it is expected that quicker action will be obtained.

**While the War is on Sixth Canadian Victory for Suffrage**

The International Woman Suffrage Alliance, of which Mrs. Carrie Chapman Catt is president, has received the following news from Canada:  
"On second reading, bills granting women full suffrage and right to practice law passed Nova Scotia legislature unanimously Wednesday, March 21st."  
Nova Scotia, the International Alliance points out, will be the sixth province of Canada to enfranchise its women. Canada is not waiting until after the war is over to learn and apply the lesson inculcated into England's body politic by women's war service. That lesson was that England's women are too valuable factors of war work to be crippled by dis-

franchisement. Canada, while the war is on, is passing woman suffrage as a pertinent war measure.

**Man Teachers' League for Woman Suffrage**

Pointing out that a world-wide movement towards democracy is giving voice to women elsewhere and determined that the men of New York shall not lag behind in an effort to do justice to women, the men teachers of New York, under the presidency of Walter L. Harvey formerly of Teachers' College, have organized a men Teachers' League for Woman Suffrage, with headquarters at 48 East 34th Street. In soliciting the co-operation of all teachers in colleges and in public and private schools, the League declares: "It is unthinkable that equal suffrage will not ultimately prevail the world over. But it is not unthinkable that what we proudly call the Great State of New York might be the last state in the last country to give women the full rights of citizens under a democracy. Only the men of New York can keep the state from deserving such distinction."  
From Dixie comes the good word of similar import that the Alabama Educational Association has passed a resolution endorsing suffrage. Alabama school superintendents are nearly all men and up to now nearly all opposed to woman suffrage.

**GO NO FARTHER**  
The Evidence is at Your Door

Andover proof is what you want and the statement of this highly respected resident will banish all doubt:

A. Howland, highway commissioner, Barney St., Andover, says: "I do a great deal of heavy lifting and I think this strained my back and affected my kidneys. Often when in a stooped position, I could hardly straighten because of a sharp pain which caught me in the small of my back. The kidney secretions were unnatural, too. As another of the family had used Doan's Kidney Pills with good success, I used a box, procured from the Brundage Drug Co., and they greatly relieved me in every way."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Howland had. Foster-Milburn Co., Props., Buffalo, N. Y.

**Spring Fever?**

This is the time of year to look out for trouble! We feel weak—our blood seems hot—no appetite.—It's time to clean house! This is when the blood is clogged and we suffer from what is commonly called a cold.

Dr. Pierce's Golden Medical Discovery purifies the blood and entirely eradicates the poisons that breed and feed disease. Pure blood is essential to good health. The weak, run-down, debilitated condition which so many people experience is commonly the effect of impure blood. Doctor Pierce's Golden Medical Discovery not only cleanses the blood of impurities, but it increases the activity of the blood-making glands, and it enriches the body with an abundant supply of pure, rich blood.

Take it as directed and it will search out impure and poisonous matter in the stomach, liver, bowels and kidneys and drive it from the system through the natural channels. The bad blood is driven out. It will furnish you with rich, pure blood full of vital force—the kind that increases energy and ambition, that rejuvenates the entire body.
