'BIG DOIN'S' AT THE CLARKSON REUNION

Saturday last was a gala day at the home of T. M. Clarkson, who is now living up on the old David Mullen farm, near Andover.

A yearly reunion of all the Clarksons now alive has been a happy and regular event for the past few years, and the happy event of Saturday eclipsed all others in point of attendance and enjoyment, a contributing factor to the latter being the presence, for the first time, of Thad (Clarkson's adopted boy, William Montgomery, remembered by many in Canisteo as Willie Clarkson.

Mr. Montgomery has gained an enviable reputation in the theatrical profession, and his talent for entertaining in a humorous manner was the cause of their being no dull moments during the day.

A younger brother, Mr. John Clarkson and his wife journeyed all the way from the State of Washington to be present.

The next reunion will take place at the latter's home, in Wappato, Wash., and a very pleasant surprise and happy ending to the affair of Saturday came with the announcement that the entire party, about thirty in all, were to make the journey next June in a private Pullman as the guests of Mr. Montgomery. Present plans call for a vacation of from two to three weeks, with a number of stop-overs at different points of interest on the return trip. Mr. Lou Flor and family are also making the trip.

DO YOU DREAD WINTER?

If every man, woman and child in this vicinity would only take one spoonful of

SCOTT'S EMULSION

after meals for one month, it would put vigor in their blood to withstand the rigors of winter weather and help prevent colds, grippe and winter sickness.

SCOTT'S is a fortifying medicinal-food of particular benefit in changing seasons, and every drop yields direct returns in richer blood, stronger lungs, and greater resistive power. No alcohol in SCOTT'S.
