59 YEARS AGO TODAY

Minnesota Was Admitted to the Union

Certain sections of this state have been largely settled by Swedish and Danish emigrants. They have quickly acclimated themselves to Minnesota and assimilated the spirit of true Americanism. Today these residents of this state are among the best in our land, and by constant application of their ability, have made Minnesota what she is. Above all, these men and women have believed in the banking institution and co-operation. The results are manifest. Can we offer you a better example of what a bank account can accomplish.

**DUSTIN FARNUM**

As "The Parson of Panamint," Auditorium, Saturday

Millions have read this wonderful story, published first in The Saturday Evening Post, and upon which the Pallas Pictures production of the same name is based. DUSTIN FARNUM as "The Parson of Panamint," has literally immortalized by his screen characterization, one of the most interesting figures in the history of fiction of the great West. The story centers in one of the mushroom mining towns of Nevada of forty years ago. The characters are lovable for their sincerity, their earnestness in trying to conform to the ethics of city government, one of which necessitates a parson. And Dustin Farnum, as Philip Pharo, is chosen to purge on Sundays the evils of the week.

The elements of human interest, of history, of tragedy and comedy, as related by "Chuckawalla" Bill form the foundation of a very unusual and wonderful story of the West.
