with the 7,600 member banks in maintaining the Federal Reserve Banking System for the protection of the business interests of the country. Through the Federal Reserve Board in Washington it supervises the twelve Federal reserve banks; it appoints one-third of their directors; it deposits its funds largely with them; it guarantees the currency they issue.

This cooperation greatly increases the value of the system to us and our community.

If you are not already linked up with this new national system as one of our depositors you should delay no longer.

SERGEANT KEMP GETS PROMOTION

Ordered to Report for Duty as Ordnance Sergeant, Popular Non-Com to Leave Recruiting Station Here for Fort Omaha

(From Hunting Herald. Dispatch)

Sergeant Elmer Kemp, U. S. A., on duty here on recruiting detail for a number of months past, yesterday received instructions to report for duty as an Ordnance Sergeant at Fort Omaha, Neb. This is one of the most prized places in the army and is only awarded to those who successfully pass a special examination, such as which Sergeant Kemp took at Columbus early in February. Word that he had successfully passed the examination was received here several days ago. Sergeant is a clean-cut and high-class young man, and in his service here has won the confidence of his superiors, the respect of his comrades and the friendship and admiration of scores of Hunting-tonians who will regret his departure, though rejoicing in his promotion. Sergeant Kemp has been recommended for a commission by Major Stuart, in charge of the recruiting service in West Virginia and the prediction is made that he will soon enter the ranks of commissioned men.
