THE STATE MILITARY CENSUS

Beginning Next Monday Morning the State Military Census Will Begin all Over New York and Last Until the 25th.

State Military Census enrollment is to be held in every district in the State from June 11th to 25th inclusive, and all persons between the ages of 16 and 50 are required by law to appear for the proclamation of the enrollment.

Allegany County the census enrollment will be taken at enrollment depots which will be held in every election district on this period between the hours of 9 a. m. and 9 p. m. Each enrollment depot will be staffed by census agents who will answer the questions required of each individual between the depot and record his or her name upon the enrollment blank furnished for that purpose. The work is to be done entirely by volunteers and if you can give a part of your time to the actual taking of the census you can have a part in the work of each member of your family enroll as soon as possible after the opening of the enrollment depot in the election district where they reside.

All persons are asked to identify themselves in the taking of the census and see that the names of their neighbors are enrolled as early as possible. Remember that those who are actually doing the work of taking the census receive nothing for their services but are volunteers. What they can do to assist their country, and state in the use of all their efforts to endeavor to make the census as easy as possible with having to be sent for. Furthermore, if any person is of any new corners in their neighborhood won't they furnish their names and addresses to those in charge of the enrollment depot nearest where they live.

Allegany County is required by State authorities to furnish the census and enrollment within the time above specified, June 11th to 25th inclusive, therefore make our census and enrollment the banner one of the State. TOGETHER - NO ONE SHALL DON'T KNOCK.
