#### THE NATION'S NEED

The response that is being made by the people to the Liberty Loan is both inspiring and en-couraging. Individuals and cor-porations alike are subscribing generously, among the first of the latter being the National Bis-cuit Company which took a half-million of the bonds. To conserve what our ancestors fought for and to make the world, safe for mocracy the Liberty Lean must be made a great patriotic suc-cess, for the future peace and security of the world are in the balance. Here is a real opportun-ity to help the nation. Now is the time for all good men to come to ts aid.
