We Are Not Jugglers

Our goods are not deceptive in quality. The grocer who sells unreliable foods just for the sake of making a few cents more is not a safe man to trade with. Unreliable things cannot come into this store.

We know enough about these things to know when they are pure and when they are not. It isn't wholly a question of price with us. We get the best that money will buy and then sell it with just a fair percentage of profit added.

YOUTHFUL CLOTHING

Styles that make men look old are out of date. The trend is all the other way. Men of all ages must now wear "young" styles or be classed behind the times. For this is the age of activity and of hustling achievement and our clothes, because they reflect our ideas and activities, must be in time with it. Prices from \$15.00 to \$30.00.

Same with the Hat, the Shirt and the Scarf.
