John Ruskin sets the Lamp of Memory high up among the Lights of Life. Memory supremely certifies our high spiritual estate. Memory and Forgetting give one a location in the universe of distinctive place.

It is the tragedy of some people that they do not sense the value of the most exalted experiences, do not know the glory of great passions when they pass by. If God speak to them it is only thunder. Some people enter into most solemn contracts of love and friendship and having no sense of honor, no capacity of lasting affection play traitor to these God-given qualities.

When people lack a sense of values and do not realize that human beings house immortal souls, invariably they are false to the distinctive spiritual fealties of love and friendship.

Thin soil sends up the plant almost immediately and the next day finds the withered plant. Trouble and contention and spites and malice and jealousy and the capacity of becoming "hurt" by slight irritations are also characteristic of thin-soil souls. Where souls love-lifted suffer long, endure, forbear, and remain sweet-tempered and kind.

It is as terrible to withhold from the hunger and thirst of souls comfort and sympathy as it is to pass by the physically hungry, thirsty and cold.

They are most like God who remember and forget as ladies and gentlemen should. The good, the true, the beautiful must be remembered, and the frailties and faults should be forgotten. For all of us, someday, shall need great remembering on God's part for the little good we did and shall desperately need His great forgetting.

For when we go out into His presence, defeated, bruised, despairing, with flags down and arms reversed, with bitter ghosts

Many misunderstandings have arisen with regard to the "Official Bulletin," which is being issued by the Committee on Public Information under order of the President. This publication is not a newspaper in the accepted sense of the word. Its single purpose is to assure the full and legal printing of the official announcements of Government heads in connection with governmental business.

Exclusive publication is neither the thought nor ambition. It will not interfere with the legitimate functions of the press in any manner; nor will official news be delayed or withheld in order to give the Bulletin any special news significance.

There is Punch and Pep in ACHIEVEMENTS
Written by J. E. Jones

Mr. Jones is the Washington correspondent of this paper, and his work has attracted favorable comment throughout the country. ACHIEVEMENTS is national, clear and wholesome. It is a small "prize" package of good things.

A subscriber writes: "If the future copies are as good as the first it will be worth at least \$100 to me." Another one says: "It's a nice bit of cleverness." Still another: "I regard it a duty and a pleasure to co-operate with you in creating and distributing the clean, intelligent analysis of current events such as you have presented."

THE EVILS OF CONSTIPATION
Constipation is one of the main reasons why the average human life is below 40 years. Leaving waste material in the body, poisons the system and blood and makes us liable to sick headaches, dizziness, nervousness and muddy skin. When you note these symptoms, get Dr. King's New Life Pills. They give prompt relief, are mild, non-gripping in action, add tone to your system and clear the complexion. At your drug-gist, 25c. Woman's lot is a weary one. But with backache or distressing kidney ailments becoming a burden, Kidney Pills have made brighter for many Andover women. Read what Mrs. J. J. Witter, Andover, says: "Last winter I suffered from backache and symptoms of kidney complaint. At times, I could hardly get down and couldn't turn over bed because a sharp pain to the right in the small of my back felt tired and could scarcely get around. I just dreaded to get up. I had headaches and dizzy spells. I heard about Doan's Kidney Pills and got a box of the Dage Drug Co. This medicine never felt better in my life. Price 50c, at all dealers. I simply ask for a kidney remedy same that cured Mrs. Witter - Milburn Co., Props., N. Y."
