

Nothing Risked Nothing Gained

But Why Take Risks Where Nothing Can be Gained?

That's what you do—as long as you deny yourself the protection of a safe deposit box. You are risking, day after day, the safety of your personal property; exposing to fire and theft, or undesirable scrutiny, your bonds and stocks, jewelry, legal documents, insurance policies and private papers.

For what? Certainly not for the sake of saving a few cents a week—the cost of renting one of our boxes?

Let us show you Safe Deposit Boxes in our vault or safe at a yearly rental from \$1.50 up.
