

E. CANNON
ELECTED CASHIER

Members Meeting of Burrows National Bank F. W. Burrows Resignation to Business in Another Field

Meeting of the Board of the Burrows National Bank recently, Mr. John F. W. Burrows resigned as cashier and Mr. Cannon became cashier of the bank in the place of Mr. Burrows. The resignation was made the following month ago, a period of interest in a business controlled by a friend, was offered several months of consideration and consultation with friends. I have reflected on this and decided to make the change only because defined the past week as it is the first of all to find a seasoned business expert, integrity, and financial ability to assume responsibility for the general management of the bank in the position of cashier. Because of the interest of depositors and stockholders as well as the stockholders of the family which, with the resignation of a portion of my share of the new cashier, returned to the bank as formerly, I would be both unfair to the stockholders and to make any decision on my new opportunity of question of finding a man for the bank who would immediately take up with Mr. Cannon and both to our Board of Directors and to myself to find the man for the bank who is very glad to state that the depositors and stockholders have decided to accept Mr. Cannon as the new cashier and I shall continue to be all our friends that of the Bank will continue to be one of the most legitimate a desire to help the community, and to the individual interests. I realize that in this new work, many of the business associations during the past year must be partly severed. I am glad to have consolation in the hope that my character will be preserved, and I intend so far as possible to continue to support that in which I have been given a touch-me very much. I realize that in this new work, many of the business associations during the past year must be partly severed. I am glad to have consolation in the hope that my character will be preserved, and I intend so far as possible to continue to support that in which I have been given a touch-me very much.

THE MAN WHO HAS SAVED A THOUSAND DOLLARS IS WEALTHIER THAN THE MAN WHO HAS INHERITED A THOUSAND DOLLARS.

The man who saved has proved that he possesses a character that is steadfast, prudent and courageous.

Saving builds qualities of character that are necessary to win in the battles of life.

Think that over, young man!

Andover State Bank
