Four sewing machines have been loaned, one more promised and still another is meeded.

The previous Wednesday afternoon a general call was answered dition to the Library. 13 tray cloths, 5 napkins, 15 hand kerchiefs hemmed, 65 substitute handkereliefs and 22 wastecloths made is the work of that day.

BRILLIANT SPECTACLE

Presented by Andover Hock & Ladder Co. No. 1., "The Follies of 1917." 100 People in Cast and Chorus

Robertsals for "The Follies '17' are in full swing at the Auditorium, and every indication points to a brilliant and overwhelming success for this gor-geous and enchanting spectacle.

Victor J. Erhart, who will be most pleasantly remembered in Andover and vicinity by his past presentations of "Glittering Fanrasia." in 1914, and the "Isle of Folly" in 1915, is staging the coming big spectacle, and his name alone is a sufficient guarantee of the bigness and worth of the entertainment.

"The Follies of '17" is a new musical comedy and has been declared the most gorgeously staged musical extravaganza in America. It, provides a large and continu-ous laugh, and offers two hours of beauty, melody and wit. Its hewildering maze of surprising nevetites, jolly song hits and funny stage situations make it a production worth coming miles to see, so by all means make preparations to aftend this surpris rations to attend this amusement for to miss it is egret it ever afterwards

### WR. HEARST ON PEACE WITHOUT ARNEX

(Continued from First Page)

in Germany last which insisted upon maintaining its policies sonal aggrandizement against the definite democratic benefit German people of an assured peace without annexation of nity, and the certain democratic right to conduct their our ernmental affairs accoring to their own concern and cons

The Kaiser's arrogant terms of no peace without annual and indemnity should mean and would mean the loss of his

Therefore let the great republics of the United States and sia, upon which the determination of this war absolutely de demand that both the empire of Germany and the empire of land make peace without annexation or indemnity; and la United States alone out of her great wealth restore France a puild Belgium, at a lesser cost, whatever it might be, than cost of war, and with the saving of the priceless lives of he dear sons.

This would be a genuinely cemocratic programme based fundamental democratic principles and offered by the greater democratic nations. 

It would voice the views and stir the souls of the people very country.

It would bring about an immediate peace and a perm peace based upon justice and equality and the rights of man.

The sincerity of such a proggramme and the beneficial of its accomplishment would convincingly demenstrate the and virtue of democracy and glorify it in the minds and entry it in the hearts of all the people of the world.
