**WHAT CATARRH IS**

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building-tonic, free from alcohol or any harmful drugs. Try it. Scott & Bowne, Bloomfield, N. J.

**We Are Not Jugglers**

Our goods are not deceptive in quality. The grocer who sells unreliable foods just for the sake of making a few cents more is not a safe man to trade with. Unreliable things cannot come into this store.

We know enough about these things to know when they are pure and when they are not. It isn't wholly a question of price with us. We get the best that money will buy and then sell it with just a fair percentage of profit added.
