## ALLEGANY'S QUOTA WILL BE 240 MEN

New York State Quota for National Army. — Each District Will Call for Twice the Number Needed.

July 24.—The number of men that the Empire State will contribute to the new army announced to-night by Governor... The state's gross quota was fixed by the federal government... Credits at the state at large for men in the military service of the United States as members of the National Guard on April 6, 1917, have entered the National Guard from April 2 to June 30, 1917, have entered the regular army from April 2 to June 30, 1917, inclusive in both cases 52,971. This left a net of \$69,241, for the state to...

...Schenectady County, exclusive of the City of Schenectady, is the political sub-division which will not quota to furnish. This because its gross quota of 196, which was exceeded by twenty-two before the draft law became operative.

### Figures Were Obtained

A statement accompanying the quotas Gov. Whitman said: "In arriving at the quotas for several counties and cities... in every case have been made upon the estimated population made by the (federal) census and furnished to the state solely for use as a basis for the apportionments." The number of men called will be summoned for distribution in each district, according to a war department ruling in order to provide for the exemptions expected. However, the district quotas fixed by Governor... will comprise the number each locality must furnish for service under the first...

## LOCAL BANKS CONTRIBUTE TO RED CROSS

Directors of Local Banks Contribute \$250 to Local Branch for Supplies. Other Generous Donors Help Local Red Cross

The Andover branch of the Red Cross are now thoroly organized and working like beavers. The directors of the Andover State Bank have come forward with a fine donation of \$125 contributed with the understanding that it was to be used for supplies for the local branch. This gives them money sufficient for a time to purchase new materials.

As the work-rooms of the headquarters are fairly well equipped by this time the committee would like to thank those who have so generously contributed:

The trustees of the Library for the use of the two rooms and material for shelving; the Andover State Bank for a counter to hold supplies; Cheesman Drug Store for a show-case to hold samples; Jesse Hunt who replaced a glass in the show case; John E. Cannon who gave the material for the Red Cross flag; Messrs. J. D. Cheesman and V. L. Eggleston, who gave the flag-staff and cord; Mrs. Ethel Rogers, Mrs. R. B. Burrows, Mrs. Sidney Crandall and the Ladies Aid Society of the Presbyterian Church, who have loaned sewing machines, and not least the stockholders of the Andover State Bank for the sum of one hundred twenty-five (\$125) dollars, every dollar of which goes into the local treasury for supplies.

The report of the work of the last meeting is five pairs pajama pants partly finished, ten pairs completed and returned, two linen napkins hemmed and two tray-cloths hemmed.

Since the above was in type the News has been informed that Burrows National Bank has also made a contribution of \$125 to the local branch. This will give the Andover Red Cross people the snug little sum of \$250 for use in purchasing supplies.

### OSCAR J. EDWARDS

Oscar J. Edwards died Monday, July 23rd, of lung trouble, at the home of his mother, on Third Street, aged 31 years. Funeral services were conducted at the home on Wednesday afternoon, Rev. A. S. Wahl, of the Baptist Church, officiating. The interment was in the West Union-Cemetery.

## MRS. HARDY APPEALS TO THE GERMANS

A Woman Educated in That Land Contrasts the Difference of Living Under Autocracy or Under Democracy.

(Mrs. Jenny C. Law Hardy of Tecumseh, Mich., is an ardent suffragist and took an active part in the recent suffrage campaign. She was educated in Germany and lived there many years. She had a warm affection for Germany and Germans, but a recent visit to that country opened her eyes to the terrible change that had taken place there since her school days.)

When I returned to Germany and Austria-Hungary in 1911, after 10 years, I hardly recognized the land of my school days; never free as here, yet in former days we did not feel the pressure of the iron hand above us. It was there, we knew, but it was not on our necks.

In 10 years the German nations had gone back to the pre-revolutionary era of 1848.

You, who want the kaiser to win, do you honestly want the present German social conditions here in America, for if the Hohenzollerns should become the masters, that is what would happen. You could flee to America once, but if the kaiser wins, there is no spot on earth where his vengeance could not find you.

While here, you are equal to any-one, in Germany you are not even "geboren" (born) unless you belong to the nobility. "He married a 'born' woman," or "His wife is not even 'born,'" if she belonged to the people.

Here, your son can be president, there unless you have 16 generations of noble ancestors, you cannot even go to court, or hold high office, and if your daughter marries a nobleman, if you have money enough to buy one, it will be eight generations before her descendants will be equal with the other nobles; so does your own native land despise her children, that it takes 200 years to overcome your lowness.

### Room for Herr Officer

Do you want to stand in the mud, while the 'Herr Officer' swaggers along the sidewalk, and see your wife and daughters stand back for him to enter a door?

Here, the hired girl can sue the millionaire for breach of promise; there lawyers and judges would laugh at her, "how could she ever have been crazy enough to think he meant marriage?"

If a girl "vom gemeinen Volk" should be insulted by a nobleman, or an officer, there is no redress for her, she bears her shame alone; here the officer would be dismissed from the army.

You stand an hour in line at a ticket window for your turn, the 'Herr Officer' comes at the last moment, and he will get his ticket before any of you.

How would you like to return to these constant little reminders of your inferiority?

You criticize the president, the heads of the army, it is your privilege here—but there, say but once: "Der kaiser ist kein guter regent" (the emperor is not a good sovereign) and you will be put in prison. A German editor called the old emperor William "der grosse kaiser," the emperor Frederick "der gute kaiser," and the present emperor "der rechte kaiser," in popular allusion to his continual travels, and he was sentenced to six months' imprisonment.

### Pay and Say Nothing

What do the Hohenzollerns and their nobles care for "das gemeine Volk"? They are there to work, pay taxes and fight for the glory of their superiors. Hundreds of thousands of the flower of Germany were sacrificed to give the

## RED CROSS MEETING

A general meeting of all the members of the Andover branch of Red Cross is called for Monday evening next at the Library. Let every one one of the four hundred members in Andover be present as there is business of much importance to be considered.

## ELECTRIC LIGHTS ARE NOW SURE

Village Board Arrange With Silk Comany to Furnish Electricity for Municipality. The Village Own Lines and Control Service

Andover's much needed and much talked of electric light plant now seems an assured fact. The Village Board of Trustees entered into an agreement last week with the Andover Silk Company whereby the latter will furnish the electricity at a small charge per kilowatt, and the village will distribute it and do the bookkeeping and make the collections.

The entire lighting plant will therefore be a municipal plant owned and controlled by the village the same as the water plant. The arrangement whereby the Andover Silk Company manufactures the juice for the village is in the interest of economy for both village and Silk Company, as it saves the installation of two plants, and the work of three engineers. As it is now arranged it will require the services of but one extra engineer to give Andover and the Silk Company 24 hour electric service.

Superintendent J. H. Faisant informs the News that he has already placed the order for the new machinery at a cost of about \$9,000. It will be two months at the earliest before the machinery will be ready to start up.

Mr. N. Coe Stewart of the General Electric Company of Buffalo, was in Andover the first of the week making plans for the wiring of the streets for the Village Board.

January 1, 1918 will undoubtedly see Andover brilliantly lighted from stem to stern with electric lights.

crown prince a victory at Verdun. The sovereigns of Germany have outdone every nation in the wastefulness of the lives of their own men. Sophia of Hohenzollern queen of Greece, would not even let the Red Cross take care of her own soldiers who fought against Bulgaria. The Red Cross takes care of foes as well as friends. It remained for the Hohenzollern to be inhuman enough to be the first to refuse its aid.

If the kaiser wins, you Americans of German descent, unless you are "born" you lose equally with us; you win a master, you step from the ranks of citizens to become subjects, you will be sovereigns no longer, you will be "Unterthanen," and do as you are bid.

But we will not be beaten, we will win, and Germany will be free, even as Russia is now, but where will you be then, if you were traitors to Uncle Sam, and bite the hand that fed you. Your brothers in Germany must fight at the bidding of their lord, or be shot in their tracks. You who left Germany to find liberty, you have no excuse.

When we have conquered, if we have to fight you too, step by step, shall we not remember it? WHAT WILL THEN BE YOUR STANDING HERE, you who have accepted everything and given nothing? After all, you are but a fraction of the American nation. It will be better for you, and your children's future, if America forgets that you were the subjects of the kaiser, and only remembers that you are her very own.

## HOW THE DRAFT HIT ANDOVER

Following is the List of Andover Men in the Order of Their Liability to Be Called for Examination, at Belmont.

We give below in the order in which they will be called to Belmont for examination the names of those registering in the selective draft from Andover.

The number preceding the name is the "Red Ink" number. The one following the name, the number of the draw in the great national lottery in which that name came out, showing when he will be called for examination. The list is also divided by hundreds, showing which hundred each name will be found in the Allegany County list, as far as we have been able to locate them.
