GREENWOOD LOCAL BRIEFS

Hot weather. Potato blight is appearing in places. Spraying with a special solution is urged by Cornell Agricultural College. A Austin has struck a fine flow of gas in the Christian Hollow well just completed by him. Heavy rains washed dirt and debris on the N. Y. & Pa. tracks near Fall Creek. Saturday delaying train 3 until the section crew cleared the same. Mrs. M. D. Young, Mrs. M. C. Williamson, Mrs. E. W. Plaisted were in Corning Tuesday to attend the food conservation at that city. Mrs. S. Marshall and her daughter, Mrs. C. Davenport, were in Canisteo Saturday. Atty. and Mrs. Davis Webster, of Cleveland, Ohio, are guests of his mother, Mrs. M. D. Webster. Receipts from the entertainment given Saturday at the Town Hall, for the benefit of the Red Cross, were over sixty dollars. Santolus' tent show will present Uncle Tom's Cabin at this place Saturday. Mr. and Mrs. Will McGraw, of Jasper, were in Greenwood Tuesday. Big crops of grain and hay and a scarcity of help to secure the same is the situation. Miss Bluma Cheesman was in Canisteo Saturday. Ben Burger was in Corning Saturday on business. Jesse Northrup, of West Greenwood, was in town Wednesday. Rev. I. R. Peacock goes this week to Silver Lake Assembly. Theodore Cahn, of Spring Mills, was in town Wednesday. Internal troubles have weakened the Russian resistance to the German army, and insubordination in the army is widespread. Adolbert Austin is trying to incorporate a company to locate in the gas field to drill gasoline from the gas here. The officials who published to the country that there were plenty of laborers in the country must be woefully ignorant of the situation. The factories and munition works have absorbed all the help and are calling for more and the farms, mostly tenanted by old men and a large part of the abundant crop must be lost for want of labor to secure them. It is almost impossible to secure help at any price. The law prohibiting alien labor from seeking a home in this country unless able to read and write was the result of a compromise. We need to save the crops as a whole as much as we need conservation in

the use of the same. Mrs. Calista Patchen of Hornell is visiting friends in Greenwood. Rev. and Mrs. Frank Howard are guests of Rev. and Mrs. R. Peacock. It rained hard in town Wednesday, while just above town it was dry as the food-control bill. At Andrews Settlement they were treated to a hail storm. Charles Kelley, of Wileysville, was in Greenwood Wednesday. The tactics of Denman wherein he tries to make personal capital in harassing Gen. Goehls is costing the country heavily by the delay in shipbuilding and thereby costing the Army and Navy by withholding supplies and reinforcements for our armies in France and the Allies generally, and while this senseless squabble has been going on the submarines have been putting in their deadly work sinking ships and murdering our citizens and allies. Denman should be required to step down and out at once as it looks as tho it borders on the treasonable to obstruct the necessary work at such a critical time, and the only persons that get any pleasure out of the squabble are the enemy and Denman. N. E. Coston and daughter, Sabra, were in Corning Tuesday. The Germans have lost 100,000 men in their offensive work in France and Belgium. President Wilson has signed the aviation bill and the work of placing 2,000 machines in the air will be rushed.

NOTICE TO CREDITORS.
Pursuant to an order of Hon. Elba Reynolds, Surrogate of the County of Allegany, notice is hereby given to all persons having claims against the estate of John M. Green, late of the Town of Independence, N. Y., deceased, to present the same with proper vouchers thereof to the undersigned Administrator, at the Law Office of Crayton L. Barley in the Village of Andover, N. Y., on or before the 19th day of January, 1918.
Dated July 9, 1917.
CLAYTON C. GREEN, Administrator.

FOR RENT
FOR RENT—Rooms in George Hartman House, on Baker Street, also Best Greens for sale.

FOR RENT—After July 31st, the Comstock residence on N. Main Street. Inquire of Mrs. O. Preston, 90 Seneca St., Hornell.

The merchant must succeed, persist in a purpose to make his store necessary to you. What he is doing to that end is always told in his ads.

James M. L. ... for district attorney of Yates county Several big stones and pieces of iron were thrown at a Blackbird bridge guard. Orleans county has appointed a woman's committee on food conservation. Over 325 attended the Epworth League Institute which closed at Silver Lake. Rochester's chamber of commerce will have an all-day outing on Aug. 2 at Manitow. There are now 4,109 Rochester school children who have thriving backyard gardens. Forty-three fine sheep were ruined by dogs on the farm of Thomas Poach near Dundee. Canandaigua is planning a monster parade in honor of its citizens who have enlisted. Thirty companies and 20 bands are expected for the parade of firemen at Dansville on Aug. 1. North Tonawanda expects one of the largest shirt companies in the country to locate its plant there. Niagara Falls women are to give a dance and reception to the soldiers who have been on guard duty in that city. Orleans county apple yield this year will be about 20 per cent of a full crop according to expert estimates. Orleans county's home defense committee has appointed a sub-committee to buy uniforms for five companies. Dansville sent 75 recruits for the 74th regiment. The mayor and a

band from that village accompanied the recruits. Washington officials have assured Niagara Falls people that the fort at Youngstown will be continued as an army post. Steuben county's home defense committee has decided to authorize only five companies. Instead of the eight originally planned. Senator Thompson of Middleport has offered to buy the Lockport Light, Heat & Power company, reduce the rates and still make a 20 per cent profit. The rate of the high cost of everything, Hornell tax rate for the ensuing year is to be less than it was last year. The rate for 1917-1918 is \$15.26 per thousand. The Niagara County Farmers' club picnic will be held at Cvent beach Saturday, July 28. Speaker of the day will be District States Senator James W. Vadsworth. Milk was advanced in price from eight to nine cents a quart by retail dealers in Batavia. The wholesale dealers also advanced their prices from 18 to 20 cents a gallon. Fire practically destroyed the Waterloo Woodens Manufacturing company's plant at Seneca Falls. The loss was \$150,000. The plant was working on government cloth contracts. New York's National Guard, now preparing for war, will parade there July 26, or August 7. Governor Whitman announced, after conferring with Major General O'Ryan, commanding the guard. Batavia exempt firemen will take part in the parade at the 18th annual

convention of the Western New York Volunteer Firemen's association at Dansville on August 1. It is expected that about 60 will go. The body of Mrs. Marion Floyd Shumaker, one of the victims of the Gorge railroad disaster of July 1, which was recovered from the whirlpool at Niagara Falls, was shipped to her former home in Akron, O. Edward Kibler of Batavia has brought an action against the New York Central to recover \$29,000 damages because of the death of his wife, who was struck by a train at the Liberty street crossing on May 15. Measures to bring the barge canal into operation at the earliest possible date will be considered at a convention to be held at Albany on Aug. 1, the call for which was issued by the state barge canal conference. All is now in readiness at the Lincoln and Delta dams for the departure of the soldiers who are now guarding them. Sheriff Herbert West has sworn in 21 more deputies for the summer, making in all about forty-five. Two Utah units of the National Guard, a machine gun company and a supply company, have been assigned by the federal authorities and all efforts to gain information regarding their being sworn into federal service are unavailing. Civil service examination will be held Aug. 11, at Batavia, for the selection of a fourth-class postmaster at Byron, Genesee county, and at Lockport for the selection of a fourth-class postmaster at Cicott, Niagara county.

JUST GOT OVER A COLIC
Look out for kidney trouble and backache. Colds overtax kidneys and often leave the weak. For weak kidneys—read what an Andover woman says:
Mrs. P. J. Dougherty, W. Center St., Andover, says: "A colic which settled in my kidneys brought on an attack of kidney complaint. A heavy dull pain in my kidneys and across my loins made me feel in constant misery and every step I seemed to jar my whole system. I was tired and dragged out, and it seemed as though I would never get around. I had a sharp pain in the back of my head. One of the family told me about Doan's Kidney Pills and I procured a supply. Two boxes gave me wonderful relief and did me good."
Price 60c at all dealers. Do not simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Dougherty had from Dr. J. C. Millburn Co., Props., Buffalo, N. Y.
If you intend to buy these for yourself, you can probably save money on them by reading the store ads.
