The long drawn out draft night home to us the realization

that we are really in war. Considerable printer's ink has been wasted for several weeks, in informing the public, "just" how the drafting was to be done, but the sudden change of program left the people entirely in the dark.

We learned that several of our valley boys have been drafted, but we hope they will not have to be called into service.

If this rain continues we are

afraid we will know more about this H. C. of L. next winter.

We are glad to see the improvements going on in the valley.

A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life.

If your work is tiring; if your nerves are excited; if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions. It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength.

Scott's is strengthening thousands of mothers—and will help you. No alcohol. Scott & Sons, Bloomfield, N. J.

and visited the Sweden Valley Ice mine.

Jerome Griswold's mother, Mrs. Jennie Griswold, and his brother, Charlie, both of Boliyar, visited a his home last Sunday.

We Are Not Jugglers

Our goods are not deceptive in quality. The grocer who sells unreliable foods just for the sake of making a few cents more is not a safe man to trade with. Unreliable things cannot come into this store.

We know enough about these things to know when they are pure and when they are not. It isn't wholly a question of price with us. We get the best that money will buy and then sell it with just a fair percentage of profit added.
