

# SEMI-ANNUAL CLEARANCE SALE

## Men's and Young Men's Suits

We will not waver in putting on our Semi-Annual Clearance Sale of 50 fancy suits of Scotch cloth, guaranteed and made in America. If you knew the prices in advance in piece goods for a year as compared with now and which ultimately will effect the price of Ready-to-Wear Clothes there would not be a smart suit left in this Clearance Sale but a short time. In fact, we believe the entire stock would be sold out in a day.

You can take it as a fact that it will be a long time before you will be again able to procure such remarkable values in high class merchandise as we are putting before you in this Semi-Annual Clearance Sale.

- At \$24.50—All Suits that were \$34 and \$32.
- At \$22.50—All Suits that were \$30 and \$28.
- At \$18.75—All Suits that were \$25 and \$24.
- At \$15.75—All Suits that were \$22 and \$20.
- At \$12.75—All Suits that were \$18 and \$15.

These include every fancy suit but we have made a uniform reduction of 10% on every plain blue, black and grey serge in stock.

Styles of these garments are the newest models, Pinch Backs, all-around Belters and the plain Sack for the young as well as the more conservative man.

Alterations will be made free of charge.

Do not delay in buying but come as quickly as you possibly can. We believe this Clearance Sale will be a record breaker for the Schaul & Roosa Co.

**Schau & Roosa Co.**  
117 Main St. Hornell, N. Y.

### GREENWOOD LOCAL BRIEFS

**Fierce heat.**  
Mercury scolding around 100 above zero.

The town show Saturday evening was well attended and please the patrons.

Mr. and Mrs. Balkert, of Trenton, N. J. are guests of this sister, Mrs. A. B. Kerlon.

The Annual Fair advertising ear was in town Wednesday. The Fair this year, under the capable management of Secretary Clyde E. Shultz, will be larger and better than ever and will eclipse all other fairs in Western New York.

It is reported that men who are looking over the line of the N. Y. & P. Railroad, will be in Greenwood tomorrow. They are estimating the value of the railroad for scrap. If the people along the line wish to save the property for their own benefit, they should immediately organize and see what they can do to assist the people along the Plattsburgh & Kanona road in the north part of the county.

The taking up of the road would be a serious loss to farmers who ship milk, potatoes and other produce over same and would mean the abandonment of milk and potato production to many along the line, and to the villages on the line it would mean a serious blow. Immediate organization for work on the part of the patrons would seem to be necessary if we want to keep the railroad.

Mrs. Fred White of East Greenwood, was in town Tuesday.

Frank D. Watkins, of Rock Creek, was a Greenwood visitor Wednesday.

Hornell suffered from the effects of a severe storm Sunday. Crosby Creek overflowed its banks destroying gardens, filling cellars, destroying crops on the low lands adjoining. The same storm raised the waters of Purdy Creek and Fall brook. Opposite the mouth of Fall brook there was a landslide over the tracks of the N. Y. & P. railroad extending

for a distance of thirty rods. Whole trees were left standing over the road-bed and a large force of section men only succeeded in getting it in shape for a train to pass over Tuesday night. It will take several days to get it cleared up.

Charles Fisher, of East Greenwood, was in town Wednesday.

Archie Stephens, of Rock Creek, was in Greenwood Monday.

Willis Schenck, of Jasper, was a Greenwood visitor Saturday.

Misses Ellen Young, Dorris Young and Hope Young were in Bath Monday.

Mrs. Harison Hoyt is visiting her mother, Mrs. J. B. White, of Christian Street.

Mr. McKay, of Rexville, was in our city Monday.

Rev. I. R. Peacock and wife and Rev. and Mrs. Frank Howard are spending a week at Sedrus, N. Y.

George Brundage was in Canisteo Sunday repairing the big trestle over Purdy creek, damaged by water.

Mrs. M. D. Webster is spending the week at Chautauqua Assembly.

Luke Maxwell, formerly of this locality, now of Texas, is visiting friends in this place.

Adelbert Austin is constructing a dugaway road up the hill south of Ben Burger's where he is going to put down an oil well. The farmers are in great need of help to secure their crops. It now looks as tho a large part of the same will become lost or seriously injured for lack of harvesters. One farmer east of town said he had over 70 acres of heavy grass to cut and that his oats were lodged and nearly ready to cut and help scarce. The gravity of the situation has been increased by the refusal of Congress to allow a laborer to land in this country unless he could read or write. Congress should have listened to the President in the matter.

The question of the embargo on food to European countries will have a good effect on neutrals. Hereafter they will stop

look and listen before they sell food to our enemies thinking that they can get what they want to replace it from us. Our own people and our allies need all we have got and should be looked after first and let those who sell to the enemy band with the enemy.

German statesmen try to make their people and the neutral world believe that the Entente Allies are the aggressors in the present war and are trying to enslave Germany when they and the world knows that the Entente Allies were caught unprepared and that it was only by the heroic stand of Belgium that gave the French and English time to hurriedly raise the recruits that saved Paris and London and perhaps this Country too.

The Germans seem to have some warm friends in Washington and whose actions in trying to bar legislation necessary for the support of our boys in the field seems calculated to fill the enemy with joy and hope.

James Johnson, a prominent merchant of Rexville, was in town Wednesday.

The Borden Milk Company is talking of a plant in Hornell.

**PAWNING "SPUDS" NO LONGER JOKE; ASK ANY BANK**

Washington, July 29. — Comedians who joked last winter about taking potatoes at the box office builded better than they know. The potato has been elevated to a much higher dignity. It is a non-perishable staple and it enjoys the privileges of the federal reserve act. It is negotiable. It can be "hocked." It has been the subject of a conference between Louis D. Sweet of the food administration and Gov. Harding of the federal reserve board.

They have agreed upon a plan for classifying the potato among the non-perishable vegetables and now loans on warehouse receipts for potatoes may be rediscounted at federal reserve banks. Thus they become negotiable paper thruout the land at the federal reserve rate, which in most states is 3 1/2 per cent. The fact that the vegetables must be sorted before going to the warehouses means a better grade, and in becoming negotiable they are being taken away in large measure from speculators and profiteers.

**BRIEF BUSINESS BRINGERS**  
Classified Advertisements 1 cent a Word. Minimum Price 10 cents

**In Return—Will Women Be Given the Vote By the Men of New York State?**

**SUFFRAGE PARTY TO AID IN SALE OF LIBERTY LOAN**

**REPUBLICAN COMMITTEEMAN WHO URGES WOMAN SUFFRAGE**

**Herbert Parsons**

In response to the request of the Liberty Loan Committee of the Second Federal Reserve Bank, the New York State Woman Suffrage Party, will help the State suffrage organization in advertising and placing the Liberty Loan for this district. In this offer is included the use of the State headquarters and the various headquarters in the assembly districts throughout the State wherever practicable, and also the co-operation of the Speakers' Bureau of the Suffrage Party.

Plans for an immediate campaign in behalf of the Liberty Loan will be prepared under the direction of the Board officials of the State Party of which Mrs. Norman deR. Whitehouse is the chairman. The present organization which is the largest State suffrage organization is composed of 500,000 enrolled women with 5,000 officers and headquarters in every one of the 150 assembly districts in New York State.

"We are glad of this opportunity to serve the country in helping place this loan," says Mrs. Whitehouse in commenting upon the action of the State Board. "The action of the Board is in line with the offer of service made by the Suffrage Party to Governor Whitman before the war. The work in connection with the Liberty Loan will be done in addition to the serious work already undertaken by the State organization."

**PLATTSBURGH UNIT THROUGH SUFFRAGE**

The Rest and Reception Room, Y. M. C. A. unit at the Plattsburgh training camp for officers will shortly display a small tablet calling attention to the fact that this unit was given to the camp by subscriptions sent through the War Service Committee of the New York City Woman Suffrage Party of which committee Mrs. F. Louis Slade is the chairman.

The mental, physical and spiritual welfare of the young men in camp is the outlook of the Y. M. C. A. unit. All of the salaries of secretaries and other Y. M. C. A. employees of the unit are paid by the City Party.

Mrs. Slade as chairman of the Suffrage War Service Committee has further announced additional contributions of \$5,000 for another unit which is expected will be given in the name of the Suffrage Party to the training officers' camp at Niagara. The additional \$5,000 required for this second unit will be raised through the War Service Committee of the New York State Woman Suffrage Party.

**President For Suffrage Committee**

In a letter to Representative Poul, chairman of the House Rules Committee, President Wilson recommended the formation in the House of a special Woman Suffrage Committee similar to the one in the Senate. This is a move long urged by suffragists. It was made at the instigation of Mrs. Helen Gardner of Washington, D. C., one of the most active workers in the National American Woman Suffrage Association.

The President further advanced the cause of the suffragists in an address on May 16th to Labor Leaders, headed by President Compars and a group of employers, in these words: "When men AND WOMEN are equally admitted to those rights (the right to vote in the government), we have the best safeguard of justice and of peace that the world affords. There is no other safeguard."

**AN OPEN LETTER TO NEW YORK VOTERS**

Dear Sir:—The year 1917 has been one of greatest progress for the cause of Woman Suffrage.

Since January, the following states have given Presidential Suffrage to women: Ohio, Indiana, North Dakota, Michigan, Nebraska, and Rhode Island. Also Arkansas, has given the vote to women in all primary elections.

The war has brought a realization of woman's responsibility to Government. During the last year in Canada, six great provinces, Alberta, Manitoba, Saskatchewan, British Columbia, Ontario and Nova Scotia have adopted Woman Suffrage.

Women are to vote in the new Republic of Russia, and England also has pledged the franchise to women. Mr. Lloyd George, the Prime Minister, and Mr. Asquith, the ex-Prime Minister, both endorse this principle because of the war work women have done. On November 6, 1917, New York State will vote on a Woman Suffrage Amendment. Will you not decide now to vote YES on November 6th?

Yours truly,  
Visa Boardman Whitehouse, (Mrs. Norman deR. Whitehouse, Chairman.)  
New York State Woman Suffrage Party.

**National Republican Strong For Suffrage**

These are bright days for woman suffrage, according to Herbert Parsons, Republican National Committeeman for New York, who at Syracuse the other day said:

"The twelve states in which women voted for President in last year's election have been increased by surprising additions: Ohio, Indiana, North Dakota, Michigan, Nebraska, and Rhode Island, the first of the north-eastern states to do it; have in 1917 given women presidential suffrage. And Arkansas has broken the solid South and given them primary suffrage, which in a one party state is practically full suffrage. Yucatan in Mexico and Honduras in Central America have granted woman suffrage. And in great Russia, now in the labors of a republic's birth, women who have dared and suffered and died like men for liberty are to have the ballot.

"It may be that we have been seeing 'as in a glass darkly,' but that in what we shall see 'face to face,' as the men in England and the men so like us in Canada have seen in the terrible trial of war's suffering and justice of woman suffrage as part of the eternal verity of democracy. And as England has promised woman suffrage, and British Columbia and Alberta and Saskatchewan and Manitoba and Ontario and Nova Scotia have in the stress of our common suffering in the terrible struggle in which we are engaged."

**MISERABLE ERG STOMACH TROUBLE**  
Felt Wretched Until He Started To Take "Fruit-a-Lives"

504 CHAMPLAIN ST., NEW YORK  
"For two years, I was suffering from Rheumatism and Stomach Trouble. I had frequent attacks and when I took food, I was sick and sleepy. I suffered from the pain and discomfort, and my back and joints, and my head ached. A friend advised me to take Fruit-a-Lives. I tried the first box, and I felt well and I was able to eat and sleep. I continued to take Fruit-a-Lives until I was cured. I feel like a new man now."  
Atal Sales Company, 504 Ch. St., New York
