"THE FOLLIES OF '17"

"The Follies of '17" made a big hit in Andover, under the direction of Victor J. Erhart of New York.

We spoke of the Thursday evening entertainment last week, but the Friday night show was still better, and was attended by a large audience, many coming from Wellsville and other places.

The Hook & Ladder Company cleaned up over a hundred dollars from the proceeds. Mr. Erhart will be welcomed back to Andover for his fourth engagement whenever he sees fit to come.

A PROFITABLE OCCASION

Andrew and Philip Class Entertained at the Home of the Teacher, Jesse Grantier, Esq.—Rev. H. B. Williams of Andover Spoke

(From Wellsville Reporter)

Upon the invitation of their teacher, Jesse Grantier, Esq., the Andrew and Philip class of the M. E. Sunday School met at his home, No. 117 Jefferson Street, last evening. Being a hot night, coats were discarded and all chairs were placed on the lawn.

An abundant supply of lemonade and watermelon and other more substantial viands set the guests in the best of humor. The male quartet rendered some of their best selections which were roundly applauded, and then some important matters of business were discussed, for the general good. After these matters were settled the host introduced the Rev. Hamilton B. Williams, pastor of the Presbyterian Church of Andover, who delivered a short address in which he brought out the idea that religion is the very essence of friendship and should enter into every act of a man's life, thus making it what its Divine Author intended it to be. The discourse was listened to with the closest attention throughout. After more songs and a social visit the party broke up having spent a very pleasant and profitable evening together.

Sunday Morning Worship—Aug. 5th

The minister will welcome the people who come with a sermon carefully prepared for illuminating the way of life—a little lantern glow indeed, but under God it may perhaps be good for travellers. Let us honor our lives by fellowship in the way made by the Master Man for neighbors and friends.

The Sunday School Began with large attendance and the classes are organized for the year's work.

The Men of the Church Will assemble for the Round Table Class next Sunday. Plans for the year will be set forth.

No Evening Meetings Through August.

A Glimpse Ahead. Last year was the best year under the present pastorate and with the sympathetic interest of people who think and grow and keep open doors for progress, the coming year may be made eventful in forwarding the kingdom.

The Kingdom is all-in-all.

Do you feel disappointed with life? Sick of sin? Then come out Sunday night and hear of the World's Greatest Physician, who can cure all ills and turn your disappointments into real joy.

Men folks are asked to come to the evening service, but leave their coats at home.

Dr. Granger's address was greatly appreciated by those who heard him last Wednesday morning.

NO SUCH LUCK FOR MEN

Those suffrage pickets temporarily sojourning in the Washington workhouse certainly put it over more men by keeping up their picketing for six months with out having their liberty interfered with. If a bunch of men had tried this their period of activity would have been nearer six minutes than six months.

RED CROSS WORK

At the Red Cross meeting of July 30th, seven pairs of pajama pants were taken home to be finished; five pairs were finished and returned.

Mrs. John Deming loaned her sewing machine.

We Are Not Jugglers

Our goods are not deceptive in quality. The grocer who sells unreliable foods just for the sake of making a few cents more is not a safe man to trade with. Unreliable things cannot come into this store.

We know enough about these things to know when they are pure and when they are not. It isn't wholly a question of price with us. We get the best that money will buy and then sell it with just a fair percentage of profit added.

Billions of Dollars

That heretofore have been stored away in vaults and safety deposit boxes are being taken from hiding and loaned to our allies in this war.

This Vast Sum

Will not be sent out of the country. It will be spent here for foodstuffs and the thousand and one other supplies that must be sold to our allies for the support of their armies and civil population. The articles must be raised and made-in this country, by our own people.

Millions of Americans

Will be employed in this work, with factories running over time and farmers utilizing every hour of the daylight. Much of that money will even find its way right into our own local community, and every citizen will be proportionately benefited.

The Shrewd Merchant

Will heed the doctrine of commercial preparedness and will begin now to advertise his wares in this paper, for it is a self evident fact that the spender will go to the merchant who makes the most attractive bid for his business, whether that merchant be local or foreign.
