GREENWOOD LOCAL BRIEFS

Haying and harvesting both on and help scarce.

The best way to conserve the food supply would be to provide help to secure the big crops going to waste.

The official board says there is help enough. They want sense.

Congress said outside labor desiring to enter the country must be educated. Congress sense too.

But then labor unions must be placated.

The United States is providing money liberally for war purposes, but the dilatory methods of Congress in passing legislation to curb speculation in supplies renders the purchasing power of that money only one-half what it should be, yet the taxpayers will have the billions of dollars to pay.

It looks as the many members of Congress might be in the employ of the rings that are holding up prices of food and munitions. Some farmers think that the putting up prices is a good thing for them, but they forget that the speculators put down the prices when the foodstuff is in farmer's hands, and some seem to forget that the extra high prices speculators receive has to be paid largely by farmers in taxes raised to pay speculators their exorbitant prices.

In the speculation on wheat farmers got \$1.10 of the speculators, and they got \$3.00 and the producer paid a good share of the difference in taxes for what the Government used.

The draft is proceeding quietly in this district and the examinations so far show the percentage of those pronounced as physically fitted for service is large.

The Germans are not holding the ground occupied by them on the western front and each fall-back by them makes their conditions more desperate. They seem to be more successful in creating dissension among the Russians than fighting the enemy.

Germany talks peace now because German autocracy realizes that their strength is waning and that their demands based on their power to exact terms are growing hopeless.

Mrs. de Sailles plea when arraigned for the murder of her husband who denied her the custody of her child, will be insanity.

Quiet on the western battle front.

THAT MORNING LAMENESS

If you are lame every morning and suffer urinary ills, there must be a cause. Often it's weak kidneys. To strengthen the weakened kidneys and avert more serious troubles, use Doan's Kidney Pills. You can rely on an Andover man's testimony:

J. P. Remington, retired carpenter, First St., Andover, says: "I think the hardships I endured in the war of '61 is what affected my kidneys. At times I am bothered by attacks of kidney trouble which are so bad I can hardly get out of bed in the morning as a sharp pain strikes me in the small of my back. I have to get up several times at night to pass the kidney secretions and they contain a brick dust like sediment. I use Doan's Kidney Pills at these times, which I get at the Brundage Drug Co., and they cure me of the attack, fixing me up in quick order."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Remington uses. Roster-Milburn Co., Props., Buffalo, N. Y.
