**GREENWOOD LOCAL NEWS**

Heavy rains are the order of the day.

Big storm last night swept through the town, doing some immense damage to the highways and farm crops.

The center of the storm seemed to be on the ridge between the Marsh Valley and Christian Hill, for as the storm in both places were very light. The bridge near Ralph Wilson's place was undermined and the water went east of the lower pier. The roadway was finally washed out and the water along the North side of the meadow was undermined and slipped over.

In the upper part of the valley it washed in one place to a depth of 10 feet. In the Marsh the N. Y. & P. tracks were covered about three feet with water, higher than ever known before. The cost of repairing the highways will be heavy.

The Post Office department is taking up rural mail routes where the highways are not in good condition for travel, so it behooves patrons to see that the roads are kept in order.

**ENOUGH SAID.**

"I say, Bill, how about that ten dollars you borrowed from me six months ago?"

"Now, look here, Jim. I've got so much business at the next man, and no time. If you keep on pressing me about that ten I'm going to forget that you ever lent it to me."

**GETTING READY.**

"Mary, we are going to have a friend dinner with us this evening, and I want you to make some special preparations for him."

"Indeed I will, ma'am. I'll go right away, ma'am, and curl my hair."

**WHAT SHE THOUGHT.**

"Did the burglar upset your hair much?"

"Terribly. When I entered and saw everything upside down my first thought was that Jim had come home unexpectedly and changed his clothes."

**POWER**

To get out of your motor all the power that was built into it requires a gasoline that is not only pure but uniform.

It is because every gallon of SOCONY Motor Gasoline is like every other gallon, no matter where you buy it, that SOCONY runs a motor so much more efficiently than the best of unidentified gasolines. A carburetor once adjusted to SOCONY is adjusted for keeps.

You will find that SOCONY gives more miles to the gallon and more power to the mile. Say So-CO-ny and look for the Red, White and Blue sign.
