The nervous system is the alarm system of the human body.

In perfect health we hardly realize that we have a network of nerves, but when health is chbing, when strength is declining, the same hervous system gives the alarm in headaches, tiredness, dreamful step, irritability and nuless corrected, leads straight to a breakdown.

To correct nervousness, Scott's Emulson is exactly what you should take, its rich nutriment gets into the blood and rich blood feeds the tuy nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol.

# Anniversary And Re-Organization Sale

# Seven Days-Begins Saturday Morning Aug. 25th Ends Saturday Night Sept. 1st, 1917

GOCOCK & Davidson

114-118 Main Street Hernell, New York

### Twelfth Anniversary

We announce our Twelfth Anniversary Sale and with it the announcement of plans to re-organize this concern into a large corporation. This sale thus assumes double importance. First, because each year our Anniversary Sales have grown larger, and this year we shall use every possible endeavor to make this sale surpass all previous records. Second, we are about to re-organize into a corporation. The new concern will have greatly increased capital to take care of the demands of this steadily growing business and to make it one of the strongest department stores financially in Western New York. The stockholders of the new concern will be Claude F. Babcock, Adam L. Davidson, Frank M. Prentice, Alexander P. Davidson and Roy T. Herrick. The personnel of this membership is already well known to the buying public. The policies and ideals of Babcock & Davidson have become well known during the past twelve years. The other three members, Messrs. Prentice, Davidson and Herrick have served you conscienciously, courteously and effectively during the years, and now through the co-operation, energy and progressiveness of all these men the utmost will be done to make this store the kind of a store, you, the customer, most desire. Therefore in celebration of our Anniversary and in preparation for re-organization comes this greatest of sales.

According to our previous policy, all seasonal merchandise such as teedy-to-Weer, Millimery, Wash Goods, etc., is being offered at tramendous discounts, in order to start the new season with fresh crisp shion's newest designing.

Remarkboy, if war continues, the tremendous purchases of the Govd'and our Allies must bring a greater scarcity of merchandise and higher prices.

# We Are Not Jugglers

Our goods are not deceptive in quality. The grocer who sells unreliable foods just for the sake of making a few cents more is not a safe man to trade with. Unreliable things cannot come into this store.

We know enough about these things to know when they are pure and when they are not. It isn't wholly a question of price with us. We get the best that money will buy and then sell it with just a fair percentage of profit
