To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains; simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Hundsion which is a load, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.

We Are Not Jugglers

Our goods are not deceptive in quality. The grocer who sells unreliable foods just for the sake of making a few cents more is not a safe man to trade with. Unreliable things cannot come into this store.

We know enough about these things to know when they are pure and when they are not. It isn't wholly a question of price with us We get the best that money will buy and then seil it with just a fair percentage of profit

The prominence of bird designs is the noticeable feature of the new line.

Two patterns which are particularly desirable we might describe as follows:

The first is a fine poplin weave in rich soft gray block design covered with dainty pink flowers and green feliage. Beautiful blue blads intermingled throughout the design.

The second has the popular gold colored background in a two-color stripe design with handsome birds of paradise intermingled with a rich foliage scheme.
