WHAT CATARRH IS

It has been said that every third ...
person has catarrh in some form.

Science has shown that nasal catarrh ...
often indicates a general weakness ...
of the body, and local treatments in ...
the form of snuffs and vapors do little, ...
if any good.

To correct catarrh you should treat its ...
cause by enriching your blood with the ...
oil-fund in Scott's Emulsion which is a ...
medicinal food and a building tonic, free ...
from alcohol or any harmful drugs. Try it.

NAVY RECRUITS

The News is in receipt of the ...
following letter from the Hon. ...
Ersham, Lieutenant.

which is self explanatory.

"A great many young men ...
seem to have gotten the idea ...
that the Navy is enlisted in to ...
fill war strength. This was ...
probably obtained from the fact ...
that one or two of the Naval ...
Training Stations were filled to ...
capacity and that it was neces- ...
sary to hold certain enlisted men ...
at their homes until these were ...
vacancies at these Training Sta- ...
tions. Men that were under ...
training at these stations have ...
now been sent to sea and the ca- ...
pacities of the stations have also ...
been increased so that they can ...
now handle a large number of ...
recruits. About 25,000 men are ...
needed at once for the Navy. Me- ...
chanists, cooks, bakers, apprentice ...
seamen, firemen, musicians, etc., ...
are badly needed. These men ...
are needed for ships now build- ...
ing or for ships taken over from ...
Germany. Congress has appro- ...
priated for 150 new torpedo boat ...
destroyers which will need 15,000 ...
more men. Men between the ages ...
of 18 and 35 who have not been ...
called for the first draft Army ...
are eligible."

"Go Ahead"

June 14, 1917.

Dear Mr. Johnson:

You ask me what I think is the business man's duty to his country at this hour. In my opinion, his duty can be summed up in two words: "Go Ahead".

This nation has assumed an obligation which practically amounts to this: We have agreed to save Democracy from Despotism, no matter what the cost may be. The nation is not a third person—the nation is ourselves. The nation's obligation is our obligation, and each of us should work a little harder than he has ever worked before and produce a little more than he has ever produced before in order that he may be the better able to discharge his share of the obligation which the nation has assumed.

Milliners Just Returned From New York

They bring the style inspirations which have been gathered from both the old and the new world to what is now the world's greatest fashion and commercial center, New York.

Elegance with simplicity is the keynote for Fall. Come often to see the daily opening of new Fall styles.

We're Enthusiastic Over the new winter Blankets

Too early to talk Winter Blankets did you say? Just wait a minute. We wish all of our customers to know the unusual situation this year, so this early notice.

There's no need for us to explain the great government demand for Blankets. You know all about it. But months before war, when we placed orders for the Blankets which we have just received, we endeavored to increase the size of the order with our principal manufacturer, but he would only let us have the same quantity which we used last year.

This may mean a shortage.

There's another reason why it will pay to buy early—the new patterns are handsoomer than ever. Of course, the choicest patterns go first.

More designs than ever before in the world—French, Italian and German patterns.

Beautiful. Come and see

Table Linens
Belgian and German Flax Practically Extinct—Russian Flax Limited

The Scotch Table Damask which we sold at \$1.25 per yard before the war, is now \$2.00.

That's an increase of 60 per cent.

Do you realize the marvel of it?

With Belgian and German flax practically extinct, with Russian flax limited and then very few facilities to carry it to Scotland and Ireland—with the labor shortage in these countries, and then the difficulty of transportation to America—all of these bring less and less prospect of securing Linens in the future.

Yet, in spite of this, you are buying the above mentioned Table Linen at an advance of only 60 per cent, while many American-made goods, with none of the above conditions to meet, have doubled and tripled in price.

Better buy Table Linen while we have the stock.

Buyer Of Dress Goods And Silks Now In New York

Many new Dress Goods and Silks have arrived and more early purchases are to arrive, and now our buyer is in New York looking for the very latest styles and designs in completely up-to-date Fall goods.

We Are Not Jugglers

Our goods are not deceptive in quality. The grocer who sells unreliable foods just for the sake of making a few cents more is not a safe man to trade with. Unreliable things cannot come into this store.

We know enough about these things to know when they are pure and when they are not. It isn't wholly a question of price with us. We get the best that money will buy and then sell it with just a fair percentage of profit added.
