The picture illustrates the primitive methods of transportation in those pioneer days, advertising to make the trip from Philadelphia to New York in 3 1/2 days. The drawing is in memory of the first railroad, Mrs. Julia

—Mrs. Nancy Schoonmaker, of Lexington, Ky., is scheduled to speak at the Cuba Fair, on Thursday of next week. Mrs. Schoonmaker is an interesting person whom all may listen to with profit and pleasure whether interested in the cause of suffrage or not.
—The Wake Up America Day at Wellsville, yesterday was a success. It was a county affair, being a patriotic rally and send-off day to Allegany County soldier boys going in the selective dier boys going in the selective conscription call. The event came too near our press hour to enable the News to cover the story this week.
—Andover Rebekah Lodge observed their birthday anniversary Wednesday evening. A program was given, and a buffet luncheon served. The hall was beautifully decorated with cut and pointed flowers, in pink and green, the colors of the order, by the committee. Mrs. Flora Deming and Mrs. W. H. Snyder. —Sea fish are eating so many potatoes that the American war scientists are trying to figure out a new submarine Paris green sprayer to keep the potato bugs off Norfolk spots.
—A letter to the News Editor from Bell Krusen, dated Watkins, Colorado, Sept. 15th informs us that after 46 years service with the Union Pacific Railroad system Mr. Magee is retiring from active railroad work, on pension, and that they are soon to move to Denver, Colorado.
—The News bespeaks for Mrs. Schoonmaker a good hearing Saturday night. We take pride in the fact that Andover citizens are broad minded and courteous to that extent that they can and will listen to a speaker on any live topic with respect. Come out Saturday night and hear a good speech and good music, both the same evening, but not in concert

NOTICE TO GAS CONSUMERS

The cold nights and mornings remind us all that winter is coming and some provision must be made for fuel.

Each year it becomes more difficult to supply sufficient gas during the very cold weather, especially during the latter part of the winter, and altho we have drilled a large number of wells and are still drilling, the new production will probably not make up for the shrinkage in the old wells and the increasing demands made upon us by the high cost of other fuel.

Therefore we take this opportunity to remind our consumers that it will be advisable to have some coal or wood and a stove to use it in for emergencies, as it is not advisable to depend entirely upon the natural gas supply at all times. Extra fuel of some kind bought now may save considerable inconvenience later.

—The Lucy Stone Club was pleasantly entertained at the home of Mrs. Edw. Teasdale, Tuesday night. The program opened with singing of campaign songs. A vocal duet sung by Mrs. Henry Eggert and her son, Eugene Eggert, was finely rendered. Miss Putnam favored the company with a piano solo. Mrs. Roxana Burrows used the balance of the time in reporting the convention recently held at Saratoga. She gave a very satisfactory report of the work accomplished for suffrage in Allegany County, and expressed herself as well pleased with the outlook for the result on Nov. 6th.

WILBUR O'DONNELL

After a year and three months suffering with infantile paralysis, death came as a relief to Wilbur, the seven-year-old son of Dr. and Mrs. C. W. O'Donnell, Sunday morning, Sept. 16th.

In June 1916, during the epidemic of infantile paralysis in the county, the little one was afflicted with the dread disease. Altho he improved, and at times it was hoped that he would recover, the relapse came early this spring. Wilbur O'Donnell was a sweet little boy whom all loved because of his bright sunny disposition and many ways. The courage and patience he displayed during the long months of illness were a wonder and benediction to those about him.

Farewell services were held at the M. E. Church Tuesday afternoon, Rev. Chas. Collins officiating. Interment was in Hillside Cemetery.
