**READY-TO-WEAR DEPARTMENT NEWS**  
HIGHLY SPECIALIZED LINES

Manufacturers are specializing in straight, simple lines, the main difference between this and last season lies in the lines above the waist and these are more fitted than last year. Skirts are generally speaking more tailored and fitted. Suit jackets are longer and rely this season on cleverness of the cut rather than freakish silhouette.

- No. 1005—Suit of Oxford Skating, severe back, semi tailored, four plaits. Novelty pockets effect of being suspended from belt by straps of same material. Coat lined with Peau de Cygne.
- No. 601—Suit made of Rib Bodier cloth. Youthful in effect, plaited at back from belt. When coat is worn open, collar drapes gracefully over shoulder. Embellished with velvet. A clever effect. Skirt is on straight lines.
- No. 612—Strictly tailored Suit, semi-fitted, inserted plait from waist line downward to center. Silk braiding, button trimmed. Coat lined with Peau de Cygne. Skirt shirred on sides, but in beltless high giraffe effect. Made of Rib Bodier.
- No. 611—Suit of Egyptian Cloth, a rich, soft fabric. Silk waist, buttoned, both breast and side pockets, soft rolling plaits, inserted back, lining of Peau de Cygne of the finest Printzess types.

**Printzess Dictinction**

The Printzess Line we especially feature for the above reason—distinction. They are tailored by one of America's recognized leaders of fashion, are made from all-wool fabrics of highest quality, reflect the ultimate conception in correct dress and are to us a very big item in this department. Practically every model is carried in this department. Note the perfect work on both suits and coats, and, as we have said before, their distinction.

**We Are Not Jugglers**

Our goods are not deceptive in quality. The grocer who sells unreliable foods just for the sake of making a few cents more is not a safe man to trade with. Unreliable things cannot come into this store.

We know enough about these things to know when they are pure and when they are not. It isn't wholly a question of price with us. We get the best that money will buy and then sell it with just a fair percentage of profit added.
