

The House-kept Dollar

It doesn't stay in the house long.

It's so easy to spend money when you have it at hand. It's easy going, and when it starts it's gone. You've tried a lot of times to hold on to the house-kept dollar—haven't you?

Why not bank it here? You can get it whenever you want it, but you won't spend it when you don't want to do so.
