

## OPPORTUNITY AND THE BANK ACCOUNT

Opportunity takes off its hat to the man with a bank account. Opportunity is ready for the man, woman or child who is ready for it. The ash-barrels of history are full of people who were unprepared for opportunity when it came their way.

Have you the cash to avail yourself of opportunity when it comes your way? Why not open an account with us now?

## Experience Counts

Experience is the test of efficiency. We have had years of experience in selecting buying and selling.

### GROCERIES

We keep tab on the public taste and you will always find our store the groceries most in demand by discriminating consumers. We find it pays us to keep just what our customers demand, so we never try to sell you "something just as good." Our years of experience are at your service and ready to cater to your wants.

Our water here is fine and it is going to be a nice one for a contonment. No mosquitos as yet, have found us, so a blessing.

It's very cold here nights, necessary to have a fire in the stoves. Most of us wear coats or sweaters.

Our goods are not deceptive in quality. The grocer who sells unreliable foods just for the sake of making a few cents more is not a safe man to trade with. Unreliable things cannot come into this store.

We know enough about these things to know when they are pure and when they are not. It isn't wholly a question of price with us. We get the best that money will buy and then we sell it with just a fair percentage of profit added.

## OUR SOLDIER BOYS IN TRAINING

Interesting Things the Editor has cribbed for you from Private Letters from our Soldier Boys now in the National Army.

While the News has not yet had a single line for publication from any of the boys who have been permitted the privilege of using extracts from their letters for the benefit of our people.

At we may in no measure be able to "getting the boys in training" we withhold all names.

There's a line from an Andover in Camp Dix.

Well, I am somewhat of a soldier now; I have nearly all the uniform, but I have a lot to go.

I left Belmont about 12:30 p. m. and arrived in Camp Dix about 6 o'clock, Friday morning. Some trip, I say; some tired boy as well. We got a good sleep on the train.

They are giving us examinations, which is a good while, there were some of us. And then we were dressed for clothing and shoes.

Don't be mustered in, Mr. Richardson, Dan Mulcahy, Charles Hammond, Ernest Driscoll and Beeman.

Some one said we don't get food in the army. Tell them they are wrong. I get a plenty, and feel too, and a good to sleep.

of our boys at Camp Wadsworth, Spartanburg, S. C., in a letter to a friend, writes, among other things, as follows:

After a hard struggle, I have found time to send you a letter. We are in Spartanburg, situated in a nice military town, but it has taken a lot of work and there certainly is more to be done.

When we arrived here our site was a field of stumps. It does not take 150 men to establish a street, they get it at it and work.

They have cleared the land and made roads and now are nearly satisfied with our camp.
