Chautauqua in Greenwood has been a successful entertainment and has brought to our place some of the highest talent in the country.

Leon Dennis lost a fine 8-cylinder car by fire in Woodward Hollow, Tuesday. A leak in a gasoline conductor is believed to have been the cause. The car was insured for $600 and valued at $1,000.

Farmers are grinding their potato hooks and will be ready to rake out the tubers soon as the weather permits. The market has opened at $1.00 per bushel.

Herbert White, who was injured by a wrench falling on his head, is better. It was feared at one time that his skull was fractured.

Mrs. Guy Plaisted, who was removed Saturday to the hospital at Hornell, is improving in condition and her recovery is expected.

Airplane reprisals by the Allies are justified on the ground that it is the only course that will bring the Germans to their senses and cause them to end such barbarity. As long as their wanton attacks on women and children go unpunished they will continue them.

Mrs. Hannah Freeland fell and was seriously injured Friday.

Abram Dennison, a merchant of Rexville, was in our city Saturday.

The Chautauqua entertainments have been of a high character and were duly appreciated by all who attended.

John Davis and wife and Misses Mae and Hattie Leonard from Auburn, were guests of Mrs. M. D. Webster last week.

The Central Allies are being driven back by the irresistable forces of Field Marshall Haig, and the autocratic Teutons are now talking peace. They seem willing to give up claims for indemnity and annexation. The reason is plain. They see no chance to win.

Senator LaFollette is now explaining what he meant by his treasonable sounding words, but he should be held accountable for the ideas they conveyed to his hearers. It would help our cause to expel him from the Senate. The Senator's high official position makes his acts more harmful than those of a thousand persons of the Emma Goldman type.

A little good has resulted from the great evil of bombing London. An explosion uncovered or opened a secret draw containing a will, the existence of which had remained unknown for a century.

The embargo on goods to neutrals which might be sent to aid our enemies, was a proper procedure. What food we have to spare should be for ourselves and Allies only. It is not right to conserve food for the benefit of Germany.

Ed. Vanderslack is visiting relatives in town this week.

Randall Peats and wife, of Andover, were guests of Greenwood friends Wednesday.

Southwest Oil and Refining Company

J. B. Aiken, President
W. C. Jenkins, Vice-Pres.
F. H. Crawford, Sec.-Treas.

Capital $1,000,000 **Par Value $1.00**

Company owns leases on approximately 15,000 acres of choice oil and gas lands in Oklahoma and Kansas.

First drilling operations will be confined to a tract of 230 acres in the proven oil fields of Carter County, Oklahoma, on which 65 wells can be drilled. The sand of this section are considered the most prolific in the oil fields of this country. Wells hold the same production month after month and prominent oil men predict they will flow for fifty years. Average depth of the present producing wells in these fields is 1,080 feet. Geologists assert there is every indication that deep oil sands also exist, and in this belief adjoining companies are drilling wells in the expectation of getting big producers at 3,000 feet. Should the companies be successful Southwestern Oil & Refining Co. property in the immediate vicinity will have an enormous value.

For the present the company's drilling operations will be confined to the shallow sands, where production is practically certain and the expense of drilling only normal. The first well should be completed within 60 days.

In order to drill 65 wells on this 230 acre lease the company has placed on the market an allotment of its treasury stock to be sold as the money is needed, at par $1.00 per share, and subscriptions are solicited.

We believe this stock is an excellent speculative investment.

For any portion of this allotment or additional information address W. C. Jenkins, 122 E. 25th St., New York. 37tf
