Every Day There Arrives At This Store A Splendid Assortment Of NEW COATS

There is a deep satisfaction in knowing that the suit or coat that one wears has the latest unqualified approval of the most fastidious followers of fashion. Such satisfaction comes to those who wear the garment styles advanced by Our Cloak and Suit Department.

We have not been satisfied with the art of a few makers, but we have gone to almost every manufacturer and studied the styles for you, so that no matter what prices you may select to pay, you will be assured of having individual style correct to the slightest detail.

It is this feature of our garment service, we believe, coupled with the fact that this store offers

STYLE - - At A Moderate Price

That crowds our second floor with customers who take possession of the garments almost before they can be taken from their wrappings. It is a significant fact that this year the demand for Babcock & Davidson garments has been greater than we could fill, although the quantities bought have been larger than ever before.

Whenever you go shopping, drop in and see what new modes the morning's express has brought us.
