—We hear of the "streets paved in gold." If the present rate of work is kept up on a few rods of state highway below the defective stakes on Chestnut Street, dollars enough will be expended on same to warrant that being the street referred to. A strange way to conserve state funds when a few dollars rightly expended would save our taxpayers hundreds.

RED CROSS DISPLAY

The Work of Andover Women Makes Fine Spectacle in Store Windows

Two splendid exhibits, testifying to the patriotism and skill of Andover ladies, have been greatly admired recently in the display windows of Cannon Bro's. Shoe Store and the Cheesman Drug Store. The former was a regal display of knitted goods for the Red Cross, including all the articles named for a unit and several helmets and trench caps in addition. It was a wonderful display arranged very attractively, we understand the work being done by Chas. Foster, salesman in the store, with the assistance of Mrs. J. M. Brundage chairman of the knitting contingent of the Red Cross in Andover, whose untiring efforts in the cause has brought such splendid results.

The exhibit of hospital supplies in the drug store are equally as important in their line. This work is carried on under the personal supervision of Mrs. F. S. Clarke and Mrs. Eggleston, and the weekly reports printed in the News have kept our readers informed of the live-wire workers connected therewith.

The devotion and zeal of Andover women in "doing their bit" and a "bit more" is most commendable. Hats off to our loyal American women.

VISITING HOURS AT THE CUTLERY

Mr. J. H. Backus, Andover, N. Y.
 Dear Sir:

A number of local people will be interested, I think, in seeing how knives are made, who would hesitate to intrude. I shall be glad to have any such, come to the office on the northeast corner of the building any Tuesday in November, after the 7th, between 2 and 3 o'clock and will have them shown thru the factory.

Except for these times, none but employes will be allowed in it during working hours. I find that very few take the liberty of visiting my men at work but a few have acquired a sort of intermittent habit of doing so and I hope you will get this to the attention of those few. I prefer not to offend anyone but I shall insist on this prohibition even tho the person in question has previously worked in the shop.

If an employe is needed by reason of illness, accident of any cause of importance to him, word may be left at the office or with the foreman and the employe will be informed at once.

Very truly yours,
 CLAY JORDAN.

REV. HARRINGTON IN SERVICE

In a personal letter to the editor Rev. Chas. H. Harrington, a former pastor of the Andover Baptist Church, says:

"You will be interested to know that I have been ordered by the International Committee Y. M. C. A., to take charge of the religious work at Camp McClellan, Anniston, Ala., over 50,000 men. Have also been preferred an over seas commission for service in France."

The people who would buy what you would like to sell—or who would sell what you'd like to buy—are, of course, readers of the Commercial Ad.

Men of New York cast your Votes for Women!

THERE is a man's work for you to do on Election Day. It is to let your vote count for Woman Suffrage. Your vote is just as vital to the women of your State—to your wife or mother, or daughter or sister—as it is to you.

This is the year of all years

LET no one say that a war year is not the time to extend suffrage to women. *It is the time of all times!* Since January seven states have given women the vote.

England has announced that it will gladly give women votes. In advocating it, former Prime Minister Asquith said: "The war could not have been carried off without the women." Before the war, he opposed suffrage bitterly. "To give women no voice," says Prime Minister Lloyd George "would be an outrage."

France, through its Chamber of Deputies, has promised women the vote.

Italy has taken a step in the right direction.

Russia takes Woman Suffrage as a matter of course in planning the new government.

Canada, in the midst of war, and with the votes of her soldiers included, has adopted Woman Suffrage in the five great Provinces of Alberta, Manitoba, Saskatchewan, British Columbia and Ontario.

The Allied Countries at War

have either granted Woman Suffrage or are seriously considering it at this moment.

Here today, in your own state, 1,012,994 enrolled women are asking to be allowed to take the same full share of responsibility that has been given to the women of other states and countries. To give them what their risk is more than duty. It's your privilege—the highest exercise of civic right you can perform.

Let nothing keep you from the polls next Tuesday! Your vote may win the day for Woman Suffrage.
