**DOLLARS**  
 Washington, D. C., Nov. 17.—  
 before the National  
 Club at Washington; Frank  
 in charge of the  
 Savings Certificates.  
 amount of money  
 for all Government  
 Alexander Hamil-  
 in the chair of the Spec-  
 of the Treasury amounted to  
 twenty-six billions of dollars.  
 Secretary McAdoo, he  
 added: "And he is called upon  
 to provide nineteen billion dol-  
 lars in a single twelve months."  
 That is the task that is not only  
 laid upon the Administration—  
 but were particularly it is up to  
 the people of the United States  
 to see that a large part of this  
 money is forthcoming outside the  
 system of regular and special  
 taxation. It seems like a stu-  
 pendous undertaking, but as a  
 matter of fact the crisis has  
 passed. Enormous war taxes  
 have been put into operation that  
 will take care of most of the de-  
 mands upon the public treasury;  
 and two successful flotations of  
 Liberty Bonds have helped won-  
 derfully.

Now it appears that American  
 industries are far behind in what  
 was expected of them; and there-  
 fore all the money that it was  
 thought would be needed, will  
 not be called out. Secretary Mc-  
 Adoo says that ten billion dol-  
 lars will likely take care of the  
 balance needed in public money.

**Six Billion for Our Allies**  
 The Allied nations have been  
 pro-rated to receive \$500,000,000  
 month, or six billion dollars a  
 year; in loans and direct financial  
 aid. By the method adopted this  
 money is spent in this country,  
 and there are no actual ship-  
 ments of gold beyond our borders.  
 In a frank talk to Washington  
 newspaper men one of the princi-  
 pal officials of the United  
 States pointed out that our dol-  
 lars were furnishing the greatest  
 aid that the Allies could desire,  
 since thereby they are able to  
 have better equipment, armament,  
 and ammunition. Therefore our  
 dollars, thrown quickly into the  
 fight, may have a tendency to  
 shorten the struggle, and lessen  
 the demand upon this nation for  
 additional soldiers. That's the dol-  
 lar calculation as applied to war,  
 and "cannot be disputed as be-  
 ing practical.

**Acres of War Officers**  
 Whole acres of park space in  
 Washington is being converted  
 into building sites, and three-  
 story frame structures are being  
 "thrown together," by regular  
 armies of carpenters and work-  
 men. It is expected that the cler-  
 ical staff of the Government will  
 continue to grow and space is  
 being arranged for tens of thou-  
 sands of new clerks. The War  
 and Navy Departments have more  
 than doubled in the size of their  
 clerical establishments; and new  
 bureaus, including the insurance  
 department, are springing into ex-  
 istence. The Food Administration  
 has been scattered over something  
 like twenty buildings; the Fed-  
 eral Trade Commission has al-  
 ready outgrown its new build-  
 ing—and things are only in the  
 beginning.

**Trading With the Enemy**  
 There are so many interesting  
 angles to war movements that a  
 book could be written about most  
 by any of them; but as a matter  
 of fact startling changes in Gov-  
 ernment affairs are being chron-  
 iced in a "stickful." Charles H.  
 McDonald is in charge of the Fed-  
 eral Trade Commission; to look  
 after the protection of the 20-  
 000 patents owned by aliens, and  
 in use in the United States. A  
 form of licensing American manu-  
 facturers so as to enable them to  
 produce German patented goods,  
 and trade-marked and copy-

**MISS RHAPSTOCK**

 Jan. 16th, 1916.

"I had Catarrh for thirty-nine years,  
 and I doctored with a great many  
 doctors and took all the patent medi-  
 cines that I heard of. At last, I went to  
 Canada and saw "Fruit-a-tives" adver-  
 tised. I commenced taking them in 1914,  
 and kept right on for a year and my  
 Catarrh was entirely relieved. Thank  
 God for the relief as it is an awful  
 disease to have. The "Fruit-a-tives"  
 have helped me in other ways, also.  
 Now, if you want to publish this, you  
 may do so for, it is nothing but the  
 truth, and the whole truth."

MATTIE RHAPSTOCK.

"Fruit-a-tives" is now made in the  
 United States as well as in Canada, and  
 sold by all dealers at 50c. a box; 6 for  
 \$2.50, trial size 25c.—or sent postpaid  
 on receipt of price by Fruit-a-tives  
 Limited, Ogdensburg, New-York.

 balance of the meal to be served.

POUGHKEEPSIE, N. Y.—"I send photo  
 of myself and little daughter Lillian. She  
 came after I had used 'Favorite Pre-  
 scription'. I began taking it when I had  
 morning sickness and it took all the dis-  
 comforts away, and at the last I was up  
 only an hour and a half. She is a strong  
 healthy baby and I know I owe much to  
 Dr. Pierce's Favorite Prescription. I  
 never felt so well, and I want to say to
