With the New Year
To set the program in harmony with that which has distinguished true men and women always, is the inspiration for the year. To contribute what one has on every avenue of human service is the high work of honor. Honor is the good word. Religion knows no duty, no necessity, has no encouragements, no clubs. There is always the opportunity of honor. One can! The New Year, is a road. Upon it we shall walk as we will. One can "carry on" for the best of honor. And so talk go.

Don't pay the highest price for it unless it is also the lowest. Learn what to pay by studying the ads.

Of course not every want ad that you answer will mean business, and profit to you, but some of them will.
