THE SOLDIER BOYS POSTED

Many people have doubtless
at themselves the question
of their boy, granted, he is
led thru the conflict, return to
home, or will he be content to
live in some other country or
to other part of this country?

And from these thoughts the
subject itself into the future
in that follow you as
and the ominous force
meaning humanity—that
it would make you and us
thies and pawing on its
sides. We see that force,
in its strength, insol-

How to Make Oatmeal Bread

Healthful to Eat—Saves the Wheat

1 cup flour
1 1/2 cups oatmeal
1 teaspoon salt
2 teaspoons Royal Baking Powder
2 tablespoons sugar

1 cup washed oatmeal or rolled
oats
2 tablespoons shortening
1 1/2 cups milk
No eggs

Mix together flour, oatmeal, salt, baking powder and sugar.
Add oatmeal, melted shortening and milk. Bake in greased
shallow pan in moderate oven 40 to 45 minutes.

This wholesome bread is easily and quickly made with the aid of

ROYAL BAKING POWDER

If used three times a week in place of white bread by the
22 million families in the United States, it would save more
than 900,000 barrels of flour a month.

Our new Red, White and Blue booklet, "Best War Time Recipes",
containing many other recipes for making delicious and wholesome
wheat saving foods, mailed free—address

FOOD WILL WIN THE WAR

all along to bury the dark and
hold up the light.

But don't get it under your
hat that boasting is boosting. The
two are as widely different as
daylight and dark. The booster
is satisfied, the booster is ever
reaching out for more. The
booster proudly calls attention to
what we have, but the booster
calls attention to what we can
have if we display sufficient en-
ergy. The booster lives in the
glory of the present, but the
booster is ever looking to the
future and planning new, and
greater achievements.

Be a booster. Get under the
load and help "tote."

WSS
The American people are per-
fectly willing to live on "substi-
tutes" if only those substitutes
are made available. As soon, how-
ever, as a substitute is suggested,
the price of that article emulates
the airship. When fixing a price
on wheat the Government might
give relief by also fixing the price
on substitutes.

In the meantime you haven't
gotten out of that garden near all
you can. Keep getting a wiggle
on yourself.

WSS
For many years now we have
paid great stress on the rights
and privileges of the American
citizen, forgetting or ignoring the
fact that with every right or
privilege there is also a duty. The
time has come when we must put
our full attention to these duties,
and we should be as conscientious
in their discharge as we have
been insistent in demanding our
rights and privileges.

Those profiteers, who attempt
to rob the Government and the
officers of the Army in the pro-
of uniforms should be given
chance to wear a uniform, only
should be different from the
dict of their factory and his
stripes.
