

**Spring Clothing**

Quality standards of the highest type are the features of our clothes. You'll find the clothes we're selling to be more than excellent. Quality standards are not a matter of fleeting policy with us—our stand on that subject is very firm and unchanging—you've had good quality from us—and you're going to have it again this season.

Good quality means satisfying quality—quality that keeps the clothes in trim after you've worn them—quality that makes the weaves enduring and the tailoring permanently good. These qualities are embodied in Stein-Block Smart, Clotheraft Guaranteed and Griffon Clothes.

These clothes are value clothes, too—they're best right now. And ones you ought to wear this spring with our label in them. \$15 to \$38.

**Schau & Roosa Co.**

711 Main St. Hornell, N. Y.

**GREENWOOD LOCAL BRIEFS**

The rain is welcomed. Spring farming is on. W. Schneek of Jasper, was a Greenwood visitor Thursday. Dever Clarke was in town Thursday. Geo. M. Woodward and wife and Mr. and Mrs. Geo. Tilroe and son motored from Syracuse Tuesday to this place. B. E. Burger was a city visitor Thursday. Fay Taylor of Jasper, was a city visitor Thursday. Luke Maxwell of Texas, was in town Wednesday. Walter Edwards was in town Wednesday on business. Homer Dotsalson was in Greenwood Wednesday. He reports his wife, who has been sick, as convalescing. Guy Plaisted has moved into the Dr. Bennett house. Mr. and Mrs. M. Keiff, of West Union, were visitors in Greenwood Tuesday. Mrs. Elizabeth Pease has returned from a visit with her son in Hornell. Theodore Cobb and son Claire, were visiting Greenwood friends Thursday. Thomas Mechan of the Marsh, was greeting Greenwood friends Friday. Mrs. W. O. Slocum and daughter Dorothy and Mrs. D. A. Owens and daughter were in Hornell Tuesday. Pitt Coston and family and Misses Mary and Sabra Coston, of Hornell, visited their parents, Mr. and Mrs. N. E. Coston, Sunday. Miss Ellen Young motored to Hornell Tuesday accompanied by her nieces, Hope and Grace Young. Mrs. Bess Coston, of Whitesville, was the guest of Mrs. N. E. Coston, Tuesday. Will Young and family, of Buffalo, are visiting relatives in Greenwood. Mr. Young is recovering from injuries received from a fall some time ago, in Buffalo. George Healy and wife leave today for Johnsbury, Pa. They will move their household goods there in the immediate future. Thomas Coleman, of West Union, was in town Tuesday. Miss Beatrice Wilcox is at Syracuse visiting relatives and friends. The new Liberty Loan is on the market. The authorities are advocating city help for farmers. They would be about as competent to do farm work as the average farmer would be to navigate a ship. The wicked and inhuman business of shipping young calves to New York for veal is still in practice. The poor brutes go sometimes several days without proper food. Such lack of mercy on dumb creatures is a shame to our civilization. Austin Hafl, of Jasper, was in town Tuesday. Miss Sabra Stephens spent Easter vacation with her parents in Greenwood. Our High School teachers are visiting their homes during Easter week. Miss Constance Boney taught last week in the Rough and Ready school in place of Mrs. Geo. Healy who was sick.

Dr. Whiting, of Canisteo, was called on to treat Mrs. M. D. Webster, who was quite sick. George York has moved into the Guy Plaisted house recently purchased by him. R. S. Wyckoff, of Jasper, was a business visitor in town Tuesday. Cashier Robert Holly was in Hornell Sunday. Timothy Blair was in Canisteo Tuesday. Wedding bells are about to announce a wedding in Greenwood this week. Miss Isabel Cook, of Hornell, is visiting her aunt, Mrs. Elizabeth Pease. Lucien Goff, of Canisteo, was calling on former neighbors in Greenwood Wednesday. Mrs. James McCormick, of Wheeler Hill, was in the city Wednesday. Samuel Ackley, of Canisteo, and his son of Erskin Hollow, were city visitors Wednesday.

**OUR NEW SUITS Are Notably Stylish**

Women are going to spend much of their time this season in suits for they are so attractive, and always so serviceable. The woman who is economizing will find these suits "ready" for every occasion at all times. The strictly tailored effects and the modified waist coats help to give that military note now so popular. The fabrics used are of unusual quality and most adapted to the new suit styles. The favored colors are tan, sammy, navy. Splendid values at \$22.50, \$29.50, \$35.00 and \$42.50. ROCKWELL BROS. & CO., Wellsville, N. Y.

**\$400,000 APPROPRIATED FOR ARMENIAN RELIEF.**

The War Council has appropriated the sum of \$400,000 as a contribution to the American Committee for Armenian and Syrian Relief, to cover the months of February and March, 1918, with the expectation that \$200,000 a month for the following four months will also be appropriated, but making no commitment to that effect. The War Council had already given \$1,800,000 to this committee in the form of a contribution of \$300,000 a month for the last six months of 1917. The destitution among the Armenians, Syrians, Greeks and others suffering from the Russian Caucasus, Persia, Asia Minor, Mesopotamia and Syria is on the increase, and those peoples are more than ever dependent on American charity as administered in large part by the commissioners and agents of the Committee for Armenian and Syrian Relief.

**CLUB HOUSE FOR OFFICERS PLANNED AT CAMP MERRITT.**

What will be the first club house in the Atlantic division designed exclusively for officers is soon to be built at Camp Merritt, New Jersey. More than \$20,000 has been donated to the Red Cross for the purpose, and the plans have already been drawn up. While a club for enlisted men was recently given by Mrs. Merritt, widow of Gen. Wesley G. Merritt, no provision has heretofore been made for the officers, and since thousands of them pass through this military post en route to France the need is great. The structure, covering 10,000 feet of ground space, one story in height, is to include a billiard room and lounge, dining room, kitchen, women's dining and rest room, with barber shop and five modern baths fitted with porcelain tubs instead of showers.

Buffalo has started a crusade against unlicensed dogs. Grid expects a boom following the building of a mill there. Newark hopes to have an army to cover its state guard company. Rochester expects the telephone consolidation to be put over soon. Middleport has organized to send tobacco and newspapers to soldiers. Farmers near North Tonawanda are worried about getting enough seed.

Table board is a vexing problem among wood-be-boarders in Danville. Clifton Springs people do not want the sanitarium used for a war hospital. Rochester's Credit Men's association is making a drive for women members. Ray Devereaux of Clyde has been selected as principal of Middleport high school.

Lee F. Dickinson is the first Republican, president Silver Creek has had in 26 years. With a capitalization of \$30,000, the Williamson Farming company has been incorporated. Mayor Johnson of Palmyra will lead the third Liberty loan campaign in his community. Albion pays its policemen \$60 a month. Its superintendent of public works draws \$75.

Aparists in the vicinity of Wellsville are going to increase the production of honey. It develops that Wellsville's proposition to pay the mayor \$600 was lost by seven votes. Geneva members of the federal milk commission say a drop in the retail price is likely. Mayor Rand of Geneva has arranged with a seed company to get seeds at cost for the poor. Rochester has a rule-limiting sugar sales to two pounds to a customer and it may be rescinded soon.

Orleans county supervisors have been asked to protest against the consolidation of R. F. D. routes. Harry Velte of Hornell, an aviator for the United States, has been killed as the result of a fall in Scotland. The Housel canning factory at Holley has a contract for 10,000 cases of pork and beans for the British army. Howard E. Brown of Utica has been appointed superintendent of schools at Medina, the salary being \$2,600.

According to the catalogue just issued, the enrollment of women at the University of Rochester exceeds that of men. New York city Knights of Columbus have secured \$2,170,609 of the \$2,500,000 which they are raising for war work. Ice has already advanced in price in Canandaigua. The jump is, from 25 to 40 cents for each 100 pounds wholesale. A Geneva firm has succeeded in extracting oil from corn. It will be used as a substitute for olive oil and cotton seed oil.

Mrs. Cynthia Rodgers of Hornell claims the knitting record for West-ern New York. She knitted 35 sweaters during the winter. Assemblyman Gage has introduced a bill in the lower house forbidding the killing of pheasants in Wyoming county at any time before 1921. Taxpayers of small villages in Western New York, with hardly an exception, voted down propositions to spend money for band concerts next summer.

The Machold bill, appropriating \$3,787,383 for the maintenance and repairs of state and county highways for this year, has been signed by Governor Whitman. The motion picture bill to legalize Sunday exhibitions at the option of the governing bodies of municipalities was favorably reported by the assembly codes committee. The Slater bill to require the state board of regents to prescribe courses of patriotic instruction in all public schools was passed by the assembly. It now goes to the governor.

The mild temperance forces of the state went on record in opposition to the senate excise committee which prohibiting the traffic in liquor more than wines and malt beverages. A state inspector of prisons has recommended the appointment of a policeman in Onea. The women of that city are requesting the commission to carry out the recommendation.

Genesee county's third and fourth class postmasters and rural carriers have been made labor agents of the United States employment bureau and will be in supplying farmers with wheat. The assembly codes committee has refused to vote out the Machold bill.

Plans are under way for the incorporation of a group of prominent medicine business men and capitalists as a company to establish a new daily paper there. The proposed plan is for a company capitalized at \$25,000. The annual appropriation bill to make available \$53,000,000 for the support of the state government for this year was passed by the assembly by a vote of 120 to 10, the socialist delegation casting the only negative votes. Genesee county's draft board at Easton received a call to supply of men to be sent to Camp Dix, Wrightstown, N. J., on Thursday, April 4. The board will receive credit for these men on the first call of the next draft.

According to the contract that have been returned by the teachers in the Hornell school, there will be 15 vacancies to fill there next fall, nine of them in the high school. Only one is leaving to get married. The remainder are looking for better pay. A barn and its contents, owned by William S. Phillips, supervisor of Humphrey, Cattaraugus county, was destroyed by fire. Nineteen head of Holstein cattle and six horses perished. Large quantities of grain were burned. Loss was \$10,000, partially insured. The Amos bill to provide that all teachers in public schools must be American citizens or must have signified their intention to become citizens was passed by the assembly over the vigorous opposition of the Socialists. The socialist delegation cast the only negative votes.

City Judge Harold L. Hart of Binghamton, president of the New York State Association of Magistrates, has appointed Judge Frederic Skinner of Medina a member of the committee of constitutional amendments, of which City Magistrate E. J. Dooley of Brooklyn is chairman. It became known in Hornell that a big Chicago concern is negotiating with the owners of the J. M. Deutch Manufacturing company of that city for the purpose of taking over the plant to manufacture aeroplane parts. The plant is now engaged in the manufacture of furniture.

Thirty-nine cities in the state will vote at local option elections April 16, according to the official list given out last week by Excise Commissioner Skilton. The one in addition to those published last week is Watertown, the home of Republican Leader Brown of the senate, who is opposed to prohibition. Because of the unusually favorable weather conditions in the vicinity of Cuba a large amount of maple sap is being harvested. Many of the trees on residence streets have been tapped and much more syrup for home use will be produced than has been customary before sugar shortages became prevalent.

Daniel Gray, a 90-year-old Orleans county resident, worked all last winter, when able, in cutting and piling up wood for next summer's use. When he had finished some one came along at night and carted it away. There does not appear to be any trace of the person who played this despicable trick on the aged man. Milk prices for the state have been fixed by the federal milk commission for April at 24 cents a gallon to the producers, being four cents a gallon under the price fixed by the commission for March. The commission has also fixed the factory price at \$2.34 per 100 pounds. Notice has been received by the Batavia branch of the State Dairymen's league.

A conference of up-state Democrats to discuss available candidates for governor and other places on the state ticket will be held at Syracuse, J. Murphy, Democratic leader of Rensselaer county. This decision was reached at a meeting of a committee recently appointed to consider the advisability of such a meeting. A bill designed for the creation of a state hydro-electric power commission to utilize and develop water power and generate power to be distributed to the municipalities, was introduced in the senate by Ross Graves of Buffalo. The commission would consist of three members, to be appointed by the governor with the consent of the senate. The bill carries an appropriation of \$500,000.

Your "reasonably persistent" use of the "to rant" column of this paper will result in helping some of those son possible tenants to find your house or apartment. The details will be easy to arrange.

Of another story that says that a boy had on a sweater made of wool. Who told the facts for his own sake? He heard of his country's call for men. He heard of their sacrifice, and then...

He heard of the need for money, too. For food and clothes to help them through. He wanted to help, though he could not fight. He wanted to serve in the cause of right. So he mounted a Thrift Card, reins in hand. And rode and rode throughout the land. "Money!" he cried, "money for clothes!"

The boys in the trenches—of his goes. And add the sound of clattering hoofs. The call re-echoed across the roofs. "Gather your nickels! Gather your dimes! Help the nation! Prepare, these times!"

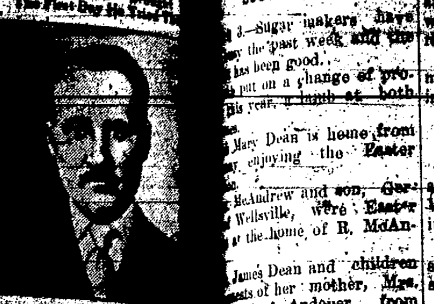

The people heard, as the boy passed by. They heard his fevered, earnest cry. And out of the stockings laid away. And out of the closets hid from day.

They gathered their savings of many years. And poured them forth with hearty cheers. "Take these!" they cried, "in the cause of right."

We'll save for the boys who nobly fight! As on he sped, he heard them say, "We'll do our bit—save every day." And when the boy on his valiant steed had spread the call of his country's need.

He drew the reins on old "Thrift's" Stamp. And patted his nose, all sweaty and damp. "Our work is done," he said, "old man, the nation's roused to the War—Thrift Plan."

**FRUIT-A-TIVES**

100 Caroline Ave., Ogdensburg. "I suffered a great deal for several years with Nervous Sick Headache and Dyspepsia. Had to take food sedulita powders every day. Tried doctors—ate brain food all kinds of remedies—nothing did me good until 'Fruit-a-tives' or 'Fruit Liver-Tonic'. I was relieved the first day I took them. They made me well and well, and I am always glad to tell people of the great things 'Fruit-a-tives' have done for me. I have many friends in Ogdensburg now using 'Fruit-a-tives' on recommendation." C. E. BESWICK. 50c. a box, 6 for \$2.50, trial size. At all dealers or sent on receipt price, by FRUIT-A-TIVES Limited, OGDENSBURG, N. Y.
