tion day may have opportunity we urge them to substitute the mame of Olin'S. Bishop instead of Charles S. Whitman for Governor, and the name of Claude V. Stowell instead of Eugeno M. Travis for Comptroller. These names must be written on the ballot in blank spaces provided under the respective of fices. No cross marks should be made before names written

We urge such action for the following reasons: First: Mr. Bishop and Mr. Stowell are Prohibitionists. Mr. Whitman and Mr. Travis are not Prohibitionists.

Second: Mr. Bishop and Mr Stowell were the designated candidates of the party at the State Conference held at Utica in July By a vote of 23 to 3, the nominating committee rejected the name of Mr. Whitman, and on the floor of the Conference, Mr. Bishop was unanimously chosen as our candidate for Governor. On the designating petition Mr. Bishop received 1200 more than the number required, while Mr. Whitman received 1600 less than the number required to print his name on the primary ballot. On the floor of the conference the name of Mr. Trayis was rejected by a vote

By deception and unfair methods on the part of certain Prohibitionists and Republicans prior to the primaries. Mr. Whitman was nominated for Governor, he receiving a majority of only 243 out of a total of 11.000. Because of the reported withdrawal of Mr. Stowell, Mr. Travis' majority was great-

Third: The Prohibition party stands for the ratification of the Prohibition amendment to the Federal Constitution. Thru the advice of Mr. Whitman the Republican party refused to endorse the ratification of the Prohibition amendment or to take a stand on any other phase of the liquor question.

Fourth: The Prohibition party is opposed to the liquor traffic. The Republican party is making a strenuous cam paign among Republican liquor dealers to hold their support for Mr. Whitman.

Fifth: The Prohibition party has an able candidate for Secretary of State in the person of Ella L. McCarthy. supporters of Francis M. Hugo Republican, are endeavoring to influence Prohibitionists to desert Mrs McCarthy and vote for Mr. Hugo. Mr. Hugo's name was also rejected at the Utica Conference by a vote of 62 to 12.

Sixth: The Prohibition party finances its own campaign. The Republican State Campaign Committee is reported to have placed \$5,000 at the disposal of certain men of the Prohibition party to accomplish the election of Republican of-

In the face of the above facts let us remember that Frohibition is not yet won. On the wave of Patriotism — Prohibition comes riding to trumph, but she has not yet reached her haven. When the war is over and conditions approach a settled state, we may expect the same evil forces to attempt the restoration of the liquor element to power. What will befall the state if the only political party which has ever stood for the overthrow of the liquor traffic has sold its political birthright for a mess of pottage?

If you would repudiate this dastardly attempt to traffic in our principle, vote for Olin S. Bishop for Governor, and Glaude V. Stowell for Comptroller (Signed)

If this were true then, why is it not equally true in this, the greatest of all wars?

A vote for these Democratic Candidates means a vote to sustain the Party of the President in this great crisis.

No divided government in time of war, or in the enforcement of our rights as a nation, in the peace treaties to follow. The necessity of supporting the President by electing the

Candidates of his Party was tersely expressed by Colonel Roosevelt at the time of the Spanish-American War, as follows: | "Remember that, whether you will or not, your votes this year will be viewed by the nations of Europe from one standpoint only.
