reading this Year Book, you will at least know both sides. You will find it interesting; Americans like to hear about big things done in a big way. You will also discover that we are merely human beings like yourself, doing in the best

possible way a necessary service. Legislation is pending in Washington; as a good American citizen you want to know both sides of this question. It concerns you, as well as one of the most important industries in the country.

Do not hesitate to send for a copy of this booklet. Yourname and address are all we need.
