what you will need to pay for the same goods in the Fall

POSSIBLE NOW and lay it away for Fall.

Every year thrifty people plan to do a lot of shopping in July because it is the

But this month there is a far greater reason why July is a wonderful month

As the cost of all sorts of labor goes up, the cost of all sorts of materials must

follow, for labor is the largest factor of cost in raw products as well as in manufac-

tured products, and wherever the hand of man or woman touches a commodity in

the process of its manufacture, it adds to its cost in a larger degree than ever before.

So you will have to pay more next Fall for almost everything you buy.

But TODAY

and all this month our store is FILLED WITH WANTED GOODS selling at

the PRESENT LOW BASIS OF COST, and every item, whether marked at a

I special July price or not, offers a LARGE PRICE SAVING when compared to

Thrifty folks--who read the signs of the times will BUY EVERYTHING III

Then, while every price in the store is low, we have made special July Clear-

ance Prices on scores of things, and no foresighted man or woman will miss the

opportunities presented-except at their large loss when they buy later on.
