"TONE UP"

After the rigors of winter, during which time you have lost some of the energy, ambition and "pep" of normal times, you need a tonic.

You can regain all your previous strength and energy as well as get rid of that languid, listless, "what's-the-use" feeling. Also improve your appetite and di-

gestion, by taking the regular course of one of these special tonics: REXALL BEEF IRON & WINE

BAMBOO BRIER BLOOD BUILDER IRON & CASCARA TONIC WITH CELERY SARSPARILLA TONIC, & PEPTOÑA

These preparations are not so-called secret remedies. We can tell you what they contain, and in what way they will benefit you.
